- Additional administrative licensing policy updates requested by the Board in closed session.

## **RULES Discussion**

The Board discussed the economic impact of the proposed rules pursuant to O.C.G.A. § 50-13-4(a)(3)-(4). Specifically, the Board discussed whether the economic impact of the rules on small businesses could be reduced by establishing different reporting requirements, clarifying reporting requirements, establishing performance rather than design standards, or exempting small businesses from requirements of the rules. The Board also discussed whether the proposed rules imposed excessive regulatory cost or whether costs could be reduced by a less expensive alternative that accomplishes the objectives of the statutes forming the basis of the proposed rules. Finding no excessive regulatory costs or changes or alternatives that would reduce economic impact on small business or reduce regulatory costs, David Jones motioned and Belinda Sanders seconded to refer the proposed rules to the Attorney General's office for a memorandum of authority and to post the rules for adoption pursuant to § 50-13-4(a)(1) upon receipt of this memorandum.

The Board discussed the use of acids in Cosmetology/Esthetics and the need to establish a pH threshold for chemical peels in the Rules.
