Miscellaneous

The Psychology Board wished to recognize Inez Lockett, Exam Development & Testing Section of the Professional Licensing Boards, for all the hard work and the superb job she has done with the revision of the Psychologists Exam.

The October 21, 2005 Board meeting was changed to October 28, 2005.

The Board read and considered the draft document circulated by the ASPPB and National Register Committee on Defining the Designation Postdoctoral Program in Clinical Psychopharmacology. The Board discussed the fact that a passage in the document was inconsistent with the post-doctoral matriculation of the curriculum. The training program is presented to psychologists, legislators, and the public as post-doctoral training. The passage A-Program Characteristics, 7.c.ii (1-3) introduces the option of the courses being taken at the pre-doctoral level. This action both confuses and misrepresents the intended sequencing of training for this practice

Motion Meck, seconded Currie and motion carried, to reject consideration of use of the document as it stands, in consideration of this incongruence.

Investigative Cases

Motion Meck, seconded Currie and motion carried, to accept the recommendations on Investigative Cases.
