Comments: It's becoming more difficult each year to find appropriate and needed clinical space, especially in Obstetrics and Women's Health. CTC has been committed to adhering to our "area of service" which is Cobb and Paulding Counties. This leaves us with only WellStar to fulfill this need. The Board's consideration of a reduction in clinical hours and an increase in theory hours in med/surg would greatly help us with this dilemma. Allowing the schools to use computer assisted instruction would also alleviate some of these issues. Thank you. Nancy Rawls, RN, MN (Program Director)
