STAFF PRESENT

Jim Cleghorn, Executive Director
Kirsten Daughdril, JD, Assistant Attorney General

Rowe called the meeting to order at 8:30 a.m. on Friday, March 11, 2016. A quorum to conduct disciplinary matters was present.

LEGISLATIVE UPDATE

Rowe provided information regarding the March 10 hearing for SB 314 at the House Health and Human Services Committee meeting. She explained that a substitute bill was introduced at the committee meeting and noted that the Board and the sponsor (Senator Unterman) had no knowledge of a planned substitute bill. Rowe provided an overview of the changes created with the substitute bill.

LISA DURDEN, PROFESSIONAL LICENSING BOARDS DIVISION DIRECTOR

Rowe welcomed Durden and invited her to provide an update regarding SB 314. Durden explained that Representative Cooper had reached out to the Secretary of State's Office regarding the language in the bill. Durden noted that the Secretary of State's Office had discussed language with Rowe in February. Durden stated that SOS staff received a copy of the bill about an hour and a half prior to the committee meeting. Rowe explained that it was very difficult for her to address the committee speaking to a bill that she had never seen. Durden explained that she was under the impression that Representative Cooper had provided the updated language to Rowe. Durden noted that the substitute bill included all of the provisions that the Board was seeking. Rowe stated that the Board was very appreciative of the language regarding the licensure provisions for APRNs but stated that she was very concerned about the provisions around Board approval of APRN programs and the felony penalty for unapproved programs. She noted that the Board did not currently approve post licensure nursing education programs. Durden encouraged Rowe to reach out to Representative Cooper and Senator Unterman to clear up any issues with the proposed legislation.

Durden provided information regarding HB 952. She explained that it was the Governor's bill to cover board members to ensure immunity from anti-trust issues. She noted that the bill gives the Governor the authority to appoint an entity to supervise the promulgation of rules and policies to ensure that regulatory boards are not violating antitrust laws. Durden explained that the bill would give applicants and licensees an avenue for appeal. Rowe stated that she understood the need for oversight regarding antitrust issues and welcomed additional information from SOS as it was available.

Durden provided information regarding HB 821. She explained that the bill would require boards to have an expedited licensure process for veterans and spouses. Rowe noted that the Board was very supportive of veterans and spouses. She explained that the Board currently processed applications in less than ten business days and that the Board would review the bill when it passed.

Rowe provided an overview of the current status of the ORBS implementation project. She noted that NCSBN staff would be on site April 4-5 and that they had requested the opportunity to interface with SOS IT staff. Durden explained that SOS CIO Merritt Beaver had discussed ORBS with NCSBN staff in 2015 and had been told that they weren't yet ready for Georgia. Durden provided information regarding the recent software upgrade and explained that it took approximately two years to get the infrastructure in place for the upgrade. She noted that IT staff were still working through issues from the upgrade and that they would be working through a list of enhancements over the next six to twelve months to make improvements for all boards. She explained that the new software would provide capability for online applications, uploading of documents by applicants and other features to assist staff. She stated that SOS was not in place to provide additional IT support to work with the ORBS team. She noted that she had discussed the issue with Secretary of State Kemp and that there was a long list of questions that would need to be answered.

Rowe explained that the April 4-5 meeting was a planning meeting and that the system would not be ready to roll out until late spring/early summer 2017. She noted that ORBS would be an answer to many problems including the APRN licensure created by SB 314. Rowe explained that the system would be provided at no cost to the state. Fort and Lockwood clarified that the Board was only seeking IT staff to attend the meeting and that it was a small investment of time. Durden questioned if it was possible to delay the meeting until summer 2016. Board members explained that multiple states were lined up for ORBS access and that a delay would cause Georgia to lose its place in line. Rowe referenced the January 2015 meeting with Deputy Secretary of State Fleming where he stated that additional SOS IT resources were now available to assist the Board in the endeavor and that SOS wants to review what will be necessary for IT to work with GBON to make the transition a reality. Durden stated that SOS had worked very diligently to improve IT services and that no system would be perfect. She noted that the system would need staff at NCSBN and SOS to support the program. Izlar suggested having the meeting in April to simply clarify the needs and have the opportunity to ask questions. Durden stated that SOS resources were dedicated to addressing issues with the current system, implementing enhancements and that there was no time to work simultaneously.

Rowe clarified that the Board had been told in January 2015 the ORBS participation would be allowed. Durden states that Fleming did not make a promise to the Board but that she would seek clarification with him directly. Durden explained that she would communicate the response to the Board through Cleghorn.

Rowe provided information regarding the APRN Consensus Model. She noted that the model required licensure provisions for APRNs. She explained that SB 314 made provisions for licensure of APRNs but that there was no funding to implement the bill if it passed. ORBS would be a free solution. Rowe stated that she understood the potential time investment to implement the system. Durden stated that ORBS would require support from SOS and NCSBN and that SOS doesn't have resources to support the system. Lockwood questioned Cleghorn regarding the necessary SOS resources for ORBS. Cleghorn explained that once the system had been implemented that SOS would only be required to provide an internet connection. Hooper stated that it was very discouraging that SOS was unable to commit to the time necessary for the April 4-5 meeting.

Rowe stated that the Board looked forward to the response regarding the meeting request and that it would be a huge disappointment if it wasn't possible for SOS IT to meet with the ORBS team. She noted that the Board and SOS routinely talk about working collaboratively and that she had tried, in her role as president, to be transparent. She referenced the substitute bill for SB 314. Durden responded that SOS staff had attempted to reach out to Rowe by email on February 5. Rowe explained that she met with Senator Unterman regarding the language proposed by SOS and the Senator was not willing to use the proposed language.

Durden stated that GBON had received more resources than any other board at SOS and noted that it would continue. Rowe agreed that great improvements had been made but that it seemed to come with an uphill struggle as SOS routinely said no to requests causing the Board to search for workarounds. She noted that the Board had met with the Governor's Office and the Office of Planning and Budget to obtain additional resources. Rowe reiterated that the Board was very appreciative of the improvements and specifically referenced the dedicated call center and the funding for mandatory reporting. She noted that Board members had spent a significant amount of time and energy to make it happen. Durden explained that SOS had worked hard on those issues as well and that Secretary Kemp believed that mandatory reporting and the dedicated call center were very important. She noted that better websites had been provided and that SOS had worked hard to provide for all boards at PLB.

Rowe thanked Durden for her time and noted that she looked forward to hearing the response regarding the April 4-5 meeting.

LEGISLATIVE UPDATE

Rowe continued her discussion of the March 10 hearing for SB 314. She noted the problems with the Board receiving no advanced notice of a substitute bill. Rowe reviewed the language in the substitute bill

~~(6)~~ Nursing education programs that provide educational mobility solely for registered nurses pursuing baccalaureate degrees in nursing have the option of seeking and maintaining Full Approval. If the parent institution subsequently develops and implements a prelicensure baccalaureate program, in which a registered nurse track is an option, the existing RN-BSN program will cease to exist as a single entity. Board approval will apply to one baccalaureate program according to Rule 410-8-.02.

~~(7)~~ If approval for an RN-BSN Program, as a single entity, is not granted at the inception of the program and is sought at a later date, the program shall be required to comply with the rules for the development and implementation of a new program in order to be considered for Board approval.

~~(8)~~ (7) Board representatives shall conduct scheduled site visits to nursing education programs within six months of a national nursing accreditation site visit, on a regular basis every four (4) years. 410-8-.02 Nursing Education Program Approval

(1) Developing Programs.

(a) The Board may grant Developmental Approval to a proposed nursing education program when compliance with Rules 410-8-.12 paragraphs (1) through (3) has been documented.

(b) The Board may grant Initial Approval to a nursing education program with Developmental Approval when compliance with Rule 410-8-.12(4) has been documented. Initial Approval is required prior to the enrollment of at least twenty (20) students in the first nursing courses.

(c) The Board may continue Initial Approval prior to the graduation of the first class when review of materials specified in Rule 410-8-.12(3)(c), the most recent annual report, and most recent site visit report, and program responses to it document compliance with the rules.

(d) The Board may grant Full Approval to a nursing education program with Initial Approval when review of the most recent annual report, the most recent site visit report, and program responses to it document compliance with the rules. At least eighty (80) percent of all graduates must pass the licensing examination as first-time writers within one (1) calendar year of the graduation date. ~~For single entity RN-BSN programs seeking Full Approval, transcripts of the first graduates must be submitted to the Board in addition to any other requested documents.~~

(e) If the program is not eligible for Full Approval after graduation of the first class, Conditional Approval may be imposed according to Rule 410-8-.02(3).

(2) Established Programs.

(a) The Board may continue the Full Approval of a nursing education program for any period up to ~~four (4)~~ ten (10) years. Approval is based upon documentation of compliance with rules relating to annual reports, the most recent site visit report and program responses to it, ~~and~~ a passing percentage of at least eighty (80) percent of all first-time writers on the licensing examination over the four (4) most recent calendar years and documentation of accreditation by a national nursing accrediting body recognized by the Board.

(b) A nursing education program, with Full Approval, must submit a written assessment and plan of action for review by the Board if the passing percentage of all first-time writers on the licensing examination is less than eighty (80) percent in a calendar year.

(c) A nursing education program, with Full Approval, must submit a written evaluation of the plan of action for review by the Board if the passing percentage of all first-time writers on the licensing examination is less than eighty (80) percent for a second consecutive calendar year. A site visit by Board representatives will be scheduled.

(3) Conditional Approval.

At any point during the initial approval period for developing programs or within the ~~four-year~~ approval cycle for established programs, the Board may impose Conditional Approval on a nursing education program for reasons, including but not limited to, the following conditions: review of any annual report reveals noncompliance with the rules; review(s) of the most recent site visit report(s) and program response(s) to it reveal continued, documented noncompliance with the rules; and/or the passing percentage of first-time writers on the licensing examination was less than eighty (80) percent for two (2) consecutive ~~calendar years~~ graduation cohorts and/or the four-year average was less than eighty (80) percent.

(4) Granting of Full Approval for a Nursing Education Program on Conditional Approval.

(b) The granting of Full Approval may be for any period of time up to ~~four (4)~~ ten (10) years as determined by the board. If Conditional Approval has been imposed for noncompliance with the identified four-year passing percentage on the licensing examination, the Board at its discretion may grant Full Approval for one (1) year. The one (1) year approval is based upon the program having documented evidence of at least two (2) most recent consecutive years graduation cohorts of a passing percentage of at least eighty (80) percent of its first-time writers in each calendar year even though the four-year average is not eighty (80) percent.

(5) Withdrawal of Approval.

The Board may withdraw the approval of a nursing education program on Conditional Approval when continued, documented noncompliance with the rules fails to be corrected within a time period specified by the Board. In order for students, who are currently enrolled in at least one nursing course when approval is withdrawn, to be eligible for licensure upon graduation, the nursing education program must submit a written plan for their completion of the program or for their transfer to another approved nursing education program. Prior to the actual date of withdrawal of approval, the nursing program will continue to have time-limited Conditional Approval so that students will be identified as having graduated from an approved program and be eligible for licensure by examination.

(6) Reinstatement of Withdrawn Approval.

(a) Representatives of the parent institution and/or the nursing education program may appeal in writing to the Board for reconsideration of withdrawn approval within ninety (90) days of written notification.

(b) Upon written request, representatives of the parent institution and/or the nursing education program may appear before the Board to review its findings regarding program deficiencies and/or the adequacy of the program's plan of action.

(c) After documentation of compliance with rules, as determined by the Board, a nursing education program may petition the Board in writing for reinstatement of approval status and permission to enroll students.

(d) If approval is not reinstated, the parent institution must comply with all rules for the development and implementation of a new nursing education program.

(7) Reconstitution of a Nursing Education Program.

(a) If a program, which has had its approval withdrawn, decides to develop and implement a reconstituted (new) nursing education program, it must document compliance with Rule 410-8-.12. At its discretion, the Board may not require the fee for new programs and the feasibility study if Conditional Approval has previously been imposed on the program.
