Application for Certificate of Authorization For Professional Engineering Firms

All businesses offering Professional Engineering services in the State of Georgia through individual, registered professional engineers as agents, officers or partners, are required by O.C.G.A. 43-15-23 to file with the Board an APPLICATION FOR CERTIFICATE OF AUTHORIZATION to practice.

If your PE registration in Georgia entitles the firm or organization with which you are affiliated to offer to practice or practice professional engineering in Georgia, you must complete the enclosed application form and file it with the Board. There is no fee for this application.

If the firm or organization with which you are affiliated offers to practice both professional engineering and land surveying it will be necessary for it to obtain a separate Certificate of Authorization for BOTH practices. A combined Certificate of Authorization will not be issued.

Additional forms may be photocopied as required. Applications MUST be legible to be acceptable to the Board.

Do not submit this form if you already have a prior Certificate of Authorization for your firm. If you do have a prior Certificate of Authorization for this firm and it has lapsed, you will need to submit the Certification of Authorization Reinstatement Application.

To submit a change of name, address, branch addresses or to add/delete a PE, please submit the information on your letterhead as a letter of request to the Board. Do not resubmit this application form or a reinstatement application form.

The individual, who is in responsible charge of the professional engineering performed or offered to be performed in Georgia, must be currently licensed as a Georgia Professional Engineer and must sign the form. If the firm has branch office, each branch must have a full-time Professional Engineer and must be listed on the form.

Please indicate the FEIN (Federal Identification Number) in the appropriate blank as this number will be used for renewal purposes.

Please mail this application in to the Board office at the address above. Faxed applications will not be accepted.

Fees associated with a Certificate of Authorization:

Initial registration: No Fee
Biennial Renewal (June 30 of even-numbered years): \$10
Reinstatement of Lapsed Certificate: \$500

Application is hereby made for a certificate of authorization to practice or offer to practice **professional engineering** in Georgia as defined in Chapter 15 of Title 43 of the Official Code of Georgia.
