FOREIGN CREDENTIAL EVALUATION REPORTS

License applications from persons who **graduated** from a school outside the 50 states in the United States of America or the District of Columbia that prepares for the field of cosmetology cannot be processed by state law (O.C.G.A. 43-10-9(h)) until they submit a foreign credential report which includes English translations and information showing detailed, **course-by-course** evaluations and that demonstrate equivalency with appropriate U.S. training and education requirements. The foreign credential report must be an independent review of an applicant's **official or original documents (no copies)** prepared by an agency approved by the Georgia State Board of Cosmetology and Barbers. These agencies are private enterprises that charge a fee for their services. All costs associated with the foreign credential report are the responsibility of the applicant.

The Georgia State Board of Cosmetology and Barbers accepts foreign credential reports for barber, cosmetology, esthetician, hair design, and nail technician applications that meet the specifications indicated above from the following:
