The Board also voted that the formulation and adoption of this rule does not impose excessive regulatory cost on any licensee and any cost to comply with the proposed rule cannot be reduced by a less expensive alternative that fully accomplishes the objectives of O.C.G.A. §43-10-2(d), which requires the Board to regulate the practice of cosmetology and barbering in this state. Finally, the Board voted that it is not legal or feasible to meet the objectives of O.C.G.A. §§43-10-6(b), 43-10-12(c), 43-10-12(e), 43-10-13(a), 43-10-9(a)(1), 43-10-12(c), 43-10-13(a), 43-10-6(a), 43-10-6(b), 43-10-6(c) and 43-10-6(d) to adopt or implement differing actions for businesses as listed at O.C.G.A. § 50-13-4(a)(3)(A), (B), (C) and (D). The formulation and adoption of these rules will impact every licensee in the same manner and each licensee is independently licensed, or owned and operated and dominant in the field of cosmetology and barbering.

SYNOPSIS OF PROPOSED RULES
CHAPTER 240-17 NAIL CARE SCHOOL EQUIPMENT, CURRICULUM, AND INSTRUCTOR
TRAINING CURRICULUM

Purpose: This proposed rule sets out required nail care school equipment, a curriculum for the training of nail care school students, nail care instructors and standards for this training.

240-17-.01 NAIL CARE SCHOOL EQUIPMENT. This proposed rule establishes equipment and space requirements for each school of nail care. It also requires that this equipment be kept in good condition. This rule is authorized under § 43-10-12(c), which permits the Board to establish the qualifications of schools of nail care. It is also authorized under § 43-10-13(a), which permits the Board to set a course of study for schools of nail care, as the listed equipment is integral to the course of study. Finally, the latter part of the rule concerning equipment condition is authorized under § 43-10-6(a) and (d), which allows the Board to adopt rules prescribing sanitary requirements for schools of nail care and mandates that equipment be kept in clean and sanitary condition.

240-17-.02 NAIL CARE CURRICULUM. This proposed rule sets out a curriculum for schools of nail care. HIV instruction within the curriculum is specifically authorized under § 43-10-6(b), which allows the Board to require HIV instruction for all licensees. The curriculum is generally authorized under § 43-10-12(c), which permits the Board to establish the qualifications, appointments, courses of study, and hours of study of schools of nail care. It also conforms to the minimum requirements for this course of study, which are set out in part (3) of paragraph (c). This rule is also authorized under § 43-10-13(a), which also permits the Board to set a course of study for schools of nail care. Finally, the rule clarifies the education requirements for nail care licensure set out in § 43-10-9(d)(1).

240-17-.03 NAIL CARE SCHOOL CURRICULUM CREDIT HOURS. This proposed rule sets out credit hours for nail care services performed in schools of nail care. It also bars schools from requiring student attendance for more than eight hours in one day. Finally, the rule requires schools to maintain records of these hours and provides that these records are subject to review by a Board inspector at any time.

The first two parts of this rule are authorized under § 43-10-12(c), which permits the Board to establish the qualifications, appointments, courses of study, and hours of study of schools of nail care, and § 43-10-13(a), which provides the Board general authority to set a course of study for schools of nail care. The last part of the rule is authorized under 43-10-6(c), which authorizes Board inspectors to enter and make reasonable examinations of schools of nail care for the purpose of enforcing the rules of the Board.

240-17-.04 CURRICULUM FOR NAIL CARE INSTRUCTOR TRAINING. This proposed rule sets out a curriculum for the training of nail care instructors and standards for this training. It is authorized under § 43-10-12(e)(4)(A), which requires each applicant for licensure as a nail care instructor to complete 250 hours of Board approved instructor training in nail care. It is also authorized under § 43-10-13(a), which authorizes the Board to set a course of study for all students at schools of nail care.
