## FILING PROCEDURES FOR FORMING GEORGIA PROFIT AND NONPROFIT CORPORATIONS

Corporations are formed by filing articles of incorporation with the Secretary of State. The *minimum* requirements of Georgia law are outlined herein. Many other provisions may, and perhaps should, be included in the articles. It is very simple to form a corporation. The question of whether or not a corporation *should* be formed is complex. *The Corporations Division strongly recommends that filers obtain professional legal, tax and/or business advice to assure the filer's goals and intentions are met, and that requirements of the law are satisfied, both before and after formation of the entity.*

### Name Reservation

A name may be reserved prior to filing. A reservation fee of \$25 must accompany the request. Fees are non-refundable. The reservation may be made online or by submitting a Name Reservation Request form. A name reservation number that remains in effect for 30 days will be provided by return email. Name reservation requests are generally processed within 3 to 5 business days of receipt of an online request and within 5 to 7 business days of receipt of a mail-in request. Place the number on the Transmittal Form 227 that is filed with the articles of incorporation. A reservation number may also be obtained by writing to the Division at the above address. Name reservations are not available by telephone. Entity formation filings are accepted without a name reservation.

### Preparation of Articles of Incorporation

Articles of incorporation must include the information described in O.C.G.A. §§ 14-2-202 (profit corporation) or 14-3-202 (nonprofit corporation). Articles may be filed online or mailed to the Corporations Division at the above address. Articles mailed to the office must be submitted on white 8½x11 paper. An incorporator named in the articles or an attorney in fact must sign articles of incorporation. *The signer(s) should indicate in what capacity he or she is signing.* The signature does not need to be notarized.

### Filing of Articles of Incorporation and Data Transmittal Form 227

For filings not submitted online, the original and one copy of the articles of incorporation, a completed Transmittal Form 227, and the \$100.00 filing fee should be mailed or delivered to the Corporations Division at the above address. Checks should be made payable to "Secretary of State." Articles of incorporation are effective on the date received by the Corporations Division unless a delayed effective date is specified therein. A certificate of incorporation will be mailed to the applicant, usually in five to seven business days. Workload issues will sometimes result in a longer turnaround time, perhaps up to 12 business days. Filings that are not complete will be returned to the applicant along with a notice that describes the deficiency. If corrected and returned within 60 days the initial date of receipt will be the date of formation. Deficient filings are deemed abandoned if still pending after 60 days from initial receipt of the filing. After the filing is deemed abandoned, a new filing, including new filing fees, will be required. Fees are non-refundable.

### Corporate Officers and Annual Registration

Within 90 days of incorporation, each Georgia corporation must file an initial annual registration that lists three principal officers with the Secretary of State. The fee is \$50.00 for profit corporations and \$30.00 for nonprofit corporations. Corporations that form between October 2 and December 31 must file the initial annual registration between January 1 and April 1 of the next calendar year. Subsequent annual registrations are filed between January 1 and April 1 of each calendar year thereafter. The annual registration should be filed online at <http://www.sos.ga.gov/Corporations/>. Changes to the corporation's address, officers, and/or registered agent and registered office address throughout the year are made by filing an annual registration or an amended annual registration and paying the appropriate fee. A corporation that does not submit its annual registration is subject to administrative dissolution. An administratively dissolved corporation may be reinstated within 5 years of the effective date of dissolution. There is a \$250 fee to reinstate an administratively dissolved corporation. Fees are non-refundable.

## PROFIT CORPORATIONS

### Articles of incorporation for profit corporations must contain the following information:

1. The exact name of the corporation.
2. The number of shares the corporation is authorized to issue. This will be the maximum number of shares the corporation can issue without amending its articles. The number cannot be zero (0).
3. The street address and county of the initial registered office and the name of initial registered agent at that office. ***The registered office address must be a street address; a post office box is not sufficient.*** The registered agent may be an individual or a corporation. The registered agent is the party designated by the limited partnership to accept notices on its behalf, and to alert the appropriate personnel.
4. The name and address of each incorporator. The incorporator(s) is the person(s) that signs the articles of incorporation, delivers them to the Secretary of State for filing, and then organizes the corporation.
5. The mailing address of the corporation's principal office, if different from the registered office. The principal office address may be a post office box, unlike the registered office. The principal office mailing address is the address to which any correspondence to the corporation from the Corporations Division will be sent.

An incorporator named in the articles or an attorney in fact must sign the articles of incorporation. Beneath the signature, the signer must state the capacity in which he or she is signing.

Thus, the articles of incorporation for a profit corporation might appear as follows:
