EXECUTIVE SESSION

Fort moved, Bryant seconded and the Board voted to enter into **Executive Session** in accordance with O.C.G.A. §§ 43-1-2(k); 43-1-19(h), 43-26-5(c) and 43-26-11, to deliberate on applications and enforcement matters and to receive information on applications, investigative reports and pending cases. The motion passed unanimously.

At the conclusion of the executive session on Thursday, September 6, 2018 Izlar declared the meeting to be “open” pursuant to the Open and Public Meeting Act, O.C.G.A. §§ 50-14-1 et seq. No votes were taken during executive session.

RULE ADOPTION HEARING – 410-9

Izlar called the hearing to order. Cleghorn noted that written comments had been received from the Technical College System of Georgia (TCSG). A copy of the comments is included as an addendum to the minutes. Sasha Kahiga provided information regarding the written comments on behalf of TCSG.

Barton inquired about TCSG's involvement in the promulgation process. Cleghorn explained that the agency had a representative on the Board's Education Committee and referenced at least two formal notifications provided to TCSG regarding the proposed rules.

Hooper moved to adopt Board Rule 410-9-.01.

Authority: O.C.G.A. §§ 43-1-25, 43-26-5(a)(4)-(6), 43-26-31 and 43-26-32(1.1).

Phipps seconded the motion and it carried unanimously.

Rowe moved that the formulation and adoption of these rules does not impose excessive regulatory cost on any licensee and any cost to comply with the proposed rules cannot be reduced by a less expensive alternative that fully accomplishes the objectives of the applicable laws as required by O.C.G.A. § 50-13-4. Blalock seconded the motion and it carried unanimously.

Phipps moved to adopt Board Rule 410-9-.02.

410-9-.02 Nursing Education Program Approval

(1) Developing Programs.

- (a) The Board may grant developmental approval to a proposed nursing education program when compliance with Rules 410-9-.03(1) has been documented.
- (b) The Board may grant initial approval to a nursing education program with developmental approval when compliance with Rule 410-9-.03(2) and (3) has been documented. Initial approval is required prior to the enrollment of at least twenty (20) students in the first nursing courses.
- (c) The Board may continue initial approval prior to the graduation of the first class when review of materials specified in Rule 410-9-.03, the most recent annual report, and most recent site visit report, and program responses to it document compliance with the rules.
- (d) The Board may grant full approval to a nursing education program with initial approval when review of the most recent annual report, the most recent site visit report, and program responses to it document compliance with the rules. At least eighty (80) percent of all graduates must pass the licensing examination as first-time writers within one (1) calendar year of the graduation date.
- (e) If the program is not eligible for full approval after graduation of the first class, conditional approval may be imposed according to Rule 410-9-.02(3).

(2) Established Programs.

- (a) The Board may continue the full approval of a nursing education program for any period of time, up to and including, ten (10) years. Approval is based upon documentation of compliance with rules relating to annual reports, the most recent site visit report and program responses to it, a passing percentage of at least eighty (80) percent of all first-time writers on the licensing examination over the four (4) most recent calendar years and documentation of accreditation by a national nursing accrediting body recognized by the Board.
- (b) A nursing education program, with full approval, must submit a written assessment and plan of action for review by the Board if the passing percentage of all first-time writers on the licensing examination is less than eighty (80) percent in a calendar year.
- (c) A nursing education program, with full approval, must submit a written evaluation of the plan of action for review by the Board if the passing percentage of all first-time writers on the licensing examination is less than eighty (80) percent for a second consecutive calendar year. A site visit by Board representatives will be scheduled.

(3) Conditional Approval.

At any point during the initial approval period for developing programs or within the approval cycle for established programs, the Board may impose conditional approval on a nursing education program for reasons, including but not limited to, the following conditions: review of any annual report reveals noncompliance with the rules; review(s) of the most recent site visit report(s) and program response(s) to it reveal continued, documented noncompliance with the rules; and/or the passing percentage of first-time writers on the licensing examination was less than eighty (80) percent for two (2) consecutive cohorts and/or the four-year average was less than eighty (80) percent.

(4) Granting of Full Approval for a Nursing Education Program on Conditional Approval.

(a) The granting of full approval will require documentation of outcome measures, including but not limited to NCLEX-PN results, on an annual basis until compliance with conditions identified in Rule 410-9-.02(3) is documented.

(b) The granting of full approval may be for any period of time, up to and including, ten (10) years, as determined by the board. If conditional approval has been imposed for noncompliance with the identified four-year passing percentage on the licensing examination, the Board at its discretion may grant full approval for one (1) year. The one (1) year approval is based upon the program having documented evidence of at least two (2) most recent consecutive cohorts of a passing percentage of at least eighty (80) percent of its first-time writers in each calendar year even though the four-year average is not eighty (80) percent.

(5) Withdrawal of Approval.

The Board may withdraw the approval of a nursing education program on conditional approval when continued, documented noncompliance with the rules fails to be corrected within a time period specified by the Board. In order for students, who are currently enrolled in at least one nursing course when approval is withdrawn, to be eligible for licensure upon graduation, the nursing education program must submit a written plan for their completion of the program or for their transfer to another approved nursing education program. Prior to the actual date of withdrawal of approval, the nursing program will continue to have time-limited conditional approval so that students will be identified as having graduated from an approved program and be eligible for licensure by examination.

(6) Reinstatement of Withdrawn Approval.

(a) Representatives of the parent institution and/or the nursing education program may appeal in writing to the Board for reconsideration of withdrawn approval within ninety (90) days of written notification.

(b) Upon written request, representatives of the parent institution and/or the nursing education program may appear before the Board to review its findings regarding program deficiencies and/or the adequacy of the program's plan of action.

(c) After documentation of compliance with rules, as determined by the Board, a nursing education program may petition the Board in writing for reinstatement of approval status and permission to enroll students.

(d) If approval is not reinstated, the parent institution must comply with all rules for the development and implementation of a new nursing education program.

(7) Reconstitution of a Nursing Education Program.

(a) If a program, which has had its approval withdrawn, decides to develop and implement a reconstituted (new) nursing education program, it must document compliance with Rule 410-9-.03. At its discretion, the Board may not require the fee for new programs and the feasibility study if conditional approval has previously been imposed on the program.

(b) The average passing percentage of the first class must be at least eighty (80) percent. If compliance with this rule is not documented, approval will be withdrawn.

Authority: O.C.G.A. §§ 43-1-25, 43-26-5(a)(4)-(6), 43-26-31 and 43-26-32(1.1).

Thompson seconded the motion and it carried unanimously.

Bryant moved that the formulation and adoption of these rules does not impose excessive regulatory cost on any licensee and any cost to comply with the proposed rules cannot be reduced by a less expensive alternative that fully accomplishes the objectives of the applicable laws as required by O.C.G.A. § 50-13-4. Fort seconded the motion and it carried unanimously.

Hooper moved to adopt Board Rule 410-9-.03.

EDUCATION COMMITTEE REPORT

Present: Jim Cleghorn, Kim Hudson-Gallogly, Dawn Knight, Sharon Grayson, Michelle Dykes, Susan Gunby, Tammy Bryant, Lori Callahan Brenda Rowe, Dina Hewett, Sirena Fritz, Terry Wilkins, Sasha Kahiga

Absent: Asha Anumolu

The Education Committee met on Thursday, August 23, 2018 via teleconference. In attendance were committee members.

The committee reviewed the charges from the Board. Transition to Practice was a topic submitted for consideration of regulation by the board. NCSBN has TTP modules available for \$150 total or individually at \$40. The Board is willing to hear any concerns or complaints related to TTP.

The committee discussed the NA qualifications. The qualifications do not specify a time frame for the 3 years of experience, i.e. 3 of the last 5 years nor does it specify "classroom" as the experience.

The committee reviewed the comments to the proposed amendment to Board Rule 410-8-.03(1) regarding the language of accreditation by 12/31/2020. TCSG has submitted a document identifying "financial burden" as an argument against the adoption of this rule.

The committee discussed the Annual Report Form and software that will enhance the collection of information more accurately to capture information regarding trending data.

The committee discussed the dean/director orientation program for new deans/directors. It is planned for January or February 2019.

The committee discussed the issues related to graduates testing 3 years out from graduation. In order to change this rule, it would require a legislative change as it is a statute.

The committee was informed of 3 vacancies on the committee. This will be taken back to the Board for direction on filling the vacancies.

The next meeting is scheduled for November 1, 2018 at 10:00am

The Board reviewed the report and noted that the Committee had three vacancies. The Board directed staff to send out a call for nominations.

PETITION FOR RULE VARIANCE OR WAIVER – CHATTAHOOCHEE TECHNICAL COLLEGE

Due to the unique nature of the pilot program proposed by Chattahoochee Technical College, the Board reviewed the petitions for rule waiver as well as its rationale for denying the petitions. The Board expressed concerns regarding the significant reduction of the clock hours as proposed in the petition as well as the possible impact on the program quality and outcomes. Floyd moved to uphold the previous motions. Blalock seconded and it carried with Bryant abstaining.

Re: Georgia Board of Nursing Notice of Intent to Amend Rules

Dear Mr. Cleghorn:

Currently the Technical College System of Georgia offers licensed practical nursing programs at 20 of our 22 colleges throughout the state. We are the major provider of licensed practical nursing educational programs in Georgia, with an enrollment of 3,303 students in AY 2018.

One of the major changes affecting our system merges Rule 410-9-.01 with 410-9-.03 and requires all licensed practical nursing education programs to be accredited by December 31, 2020. This does create a financial burden by requiring each college to pay for initial accreditation (\$1,000), an accreditation site visit (\$8,235), a first accreditation fee (\$2,395.83), and annual accreditation fees (\$2,875), based on ACEN's "2018 Illustration of Cost with Timelines." Our colleges work well with their local communities, and the hospitals with which they work vary in requiring, or not requiring, that practical nurses graduate from accredited programs. I do understand that program accreditation is recommended by the National Council of State Boards of Nursing (NCSBN) but not mandated for the Georgia Board of Nursing. Since this is a recommendation and not a requirement, TCSG's request is that you clarify the flexibility that our colleges have to work with their local communities to determine if program accreditation is needed for our students to be hired.

An additional change to 410-9-.05 would require faculty that are currently teaching to demonstrate by December 31, 2020 that he/she is making progress toward the completion of, at a minimum, a baccalaureate or higher degree in nursing. By December 31, 2020, all nursing administrators must have a master's degree in nursing. My understanding is that this change is to better align faculty and nursing administrator requirements with ACEN. TCSG's request is that you allow the faculty credential requirements to remain unchanged for faculty teaching in

1800 Century Place, Suite 400 • Atlanta, Georgia 30345-4304 • 404.679.1600

that you allow the faculty credential requirements to remain unchanged for faculty teaching in practical nursing programs and set the expectation of a bachelor's degree for nursing administrators. Finding nursing faculty and nurse administrators can be challenging, especially in the more rural areas of our state, and suddenly requiring them to go back to college for additional degrees will cause additional financial strain. In some cases, it is likely to result in them leaving the teaching field.

We appreciate the chance to comment on the proposed rule changes. Thank you for your thoughtful consideration of these requests. If you have any questions, please contact me.

Sincerely,
