2 the total amount of the cable service provider or video service provider's revenue  
3 received from such advertising and home shopping services multiplied by the ratio of the  
4 number of such provider's subscribers located in such municipality or in the  
5 unincorporated area of such county to the total number of such provider's subscribers.  
6 Such ratio shall be based on the number of such provider's subscribers as of January 1

8 shall be computed as of the earliest practical date.

9 (2) 'Affected local governing authority' means any municipal governing authority when

34 provisions of 47 U.S.C. Sections 201 through 276, except that such facility shall be  
35 considered a cable system, other than for purposes of 47 U.S.C. Section 541(c), to the  
36 extent such facility is used in the transmission of video programming directly to

1 subscribers, unless the extent of such use is solely to provide interactive on-demand

3 (D) An open video system that complies with 47 U.S.C. Section 573; or

11 (7) 'Franchise authority' means any governmental entity empowered by federal, state, or  
12 local law to grant a franchise. With regard to the holder of a state franchise within the

2 banner advertisements, and electronic publishing advertising. Where the sale of any  
3 such noncable or nonvideo service is bundled with the sale of one or more cable  
4 services or video services and sold for a single nonitemized price, the term 'gross  
5 revenues' shall include only those revenues that are attributable to cable service or video  
6 service based on the provider's books and records; such revenues shall be allocated in

9 Code section. This term shall not include a cable service provider.

10 36-76-3.

11 (a)(1) Any entity or person seeking to provide cable service or video service in this state  
12 after January 1, 2008, at the discretion of the cable service provider or video service  
13 provider, may elect from among the franchise options as set forth in this Code section.  
14 A cable service provider or video service provider shall not provide cable service or  
15 video service without a franchise obtained pursuant to this chapter.

16 (2) A cable service provider or video service provider may elect to negotiate a local cable  
17 service or video service franchise agreement with a municipal or county franchise  
18 authority duly authorized under the laws of Georgia and may enter into a negotiated cable  
19 television franchise agreement in accordance with Title VI of the Communications Act  
20 of 1934, as amended, 47 U.S.C. Section 521 et seq., or a video service franchise  
21 agreement in accordance with applicable state and federal law that establishes the terms  
22 and conditions for the franchise agreement within the jurisdictional limits of that  
23 municipality or county. A local cable service or video service franchise agreement  
24 entered into after January 1, 2008, shall remain in force and effect through its expiration  
25 date notwithstanding subsection (g) of Code Section 36-76-4.

26 (3) A cable service provider or video service provider may elect to adopt the terms of a  
27 negotiated franchise agreement entered into between a cable service provider or video  
28 service provider and a municipal or county franchise authority in the service area in  
29 which the cable service provider or video service provider desires to provide service. The  
30 municipal or county franchise authority shall be required to enter into any such negotiated  
31 franchise agreement upon the same terms and conditions to any requesting cable service  
32 provider or video service provider. A local cable service or video service franchise  
33 agreement that is adopted by a cable service provider or video service provider after  
34 January 1, 2008, shall remain in force and effect through its expiration date  
35 notwithstanding subsection (g) of Code Section 36-76-4.

1 (4) A cable service provider or video service provider may elect after January 1, 2008,  
2 to file an application for a state franchise in one or more specified service areas with the  
3 Secretary of State in accordance with the procedures set forth in this chapter.

4 (b) The alternatives in subsection (a) of this Code section shall not be mutually exclusive.  
5 A cable service provider or video service provider may elect after January 1, 2008, to  
6 negotiate with a municipal or county franchise authority to enter into a franchise agreement  
7 within a specified service area and may also obtain a state franchise for a different service  
8 area. A cable service provider or video service provider shall not operate under a franchise  
9 agreement with a municipal or county governing authority and a state franchise from the  
10 Secretary of State for the same service area.

11 36-76-4.

12 (a) To receive a state franchise, a cable service provider or video service provider shall file  
13 an application for a state franchise with the Secretary of State, with a copy of such  
14 application provided simultaneously to each affected municipal or county governing  
15 authority at least 45 days prior to offering cable service or video service to subscribers  
16 within a specified service area.

17 (b) The Secretary of State may impose a fee not to exceed \$500.00 for a state franchise  
18 application and a fee not to exceed \$250.00 for an amendment to a state franchise.

19 (c) The application for a state franchise shall consist of an affidavit signed by an officer  
20 or general partner of the applicant that contains each of the following:

21 (1) An affirmative declaration that the applicant shall comply with all applicable federal  
22 and state laws and regulations, including municipal and county ordinances and  
23 regulations regarding the placement and maintenance of facilities in the public right of  
24 way that are generally applicable to all users of the public right of way and specifically  
25 including Chapter 9 of Title 25, the 'Georgia Utility Facility Protection Act';

26 (2) A description of the applicant's service area, which description shall be sufficiently  
27 detailed so as to allow a local government to respond to subscriber inquiries, including  
28 the name of each municipal or county governing authority within the service area. For  
29 the purposes of this paragraph, an applicant may, in lieu of or as supplement to a written  
30 description, provide a map on 8 1/2 by 11 inch paper that is clear and legible and that  
31 fairly depicts the service area by making reference to the municipal or county governing  
32 authority to be served. If the geographical area is less than an entire municipality or  
33 county, the map shall describe the boundaries of the geographic area to be served in clear  
34 and concise terms;

1 (3) The location of the applicant's principal place of business, the name or names of the  
2 principal executive officer or officers of the applicant, information concerning payment  
3 locations or addresses, and general information concerning equipment returns; and

4 (4) Certification that the applicant is authorized to conduct business in the State of  
5 Georgia and that the applicant possesses satisfactory financial and technical capability  
6 to provide cable service or video service and a description of such capabilities. Such  
7 certification shall not be required from an incumbent service provider or any cable  
8 service provider or video service provider that has wireline facilities located in the public  
9 right of way as of January 1, 2008; and

10 (5) Notice to the affected local governing authority of its right to designate a franchise  
11 fee pursuant to Code Section 36-76-6.

12 (d) If an application is incomplete, the Secretary of State shall notify the applicant within  
13 ten days of the receipt of such application and shall provide the applicant with a reasonable  
14 period of time in which to provide a complete application. If no such notification is made  
15 within ten days of the receipt of the application, the application shall be deemed complete.  
16 Within 45 days of the receipt of a completed application, the Secretary of State shall,  
17 except as set forth in subsection (f) of this Code section, issue a state franchise that contains  
18 the following:

19 (1) A nonexclusive grant of authority to provide cable service or video service as  
20 requested in the application;

21 (2) A nonexclusive grant of authority to construct, maintain, and operate facilities along,  
22 across, or on the public right of way in the delivery of cable service or video service,  
23 subject to applicable federal and state laws and regulations, including municipal and  
24 county ordinances and regulations, regarding the placement and maintenance of facilities  
25 in the public right of way that are generally applicable to all users of the public right of  
26 way and specifically including Chapter 9 of Title 25, the 'Georgia Utility Facility  
27 Protection Act'; and

28 (3) The expiration date of the state franchise, which shall be ten years from the date of  
29 issuance, subject to renewal.

30 (e) The failure of the Secretary of State to issue a state franchise within 45 days of the  
31 receipt of a completed application from an incumbent service provider or a cable service  
32 provider or video service provider that has wireline facilities located in any public right of  
33 way as of January 1, 2008, shall constitute issuance of the requested state franchise to the  
34 applicant without further action required by the applicant. The failure of the Secretary of  
35 State to issue a state franchise within 45 days of the receipt of a completed application from  
36 a cable service provider or video service provider that does not have an existing franchise  
37 with a municipal or county governing authority or that does not have wireline facilities

1 located in any public right of way as of January 1, 2008, shall constitute temporary  
2 issuance of the requested state franchise to the applicant subject to the provisions of  
3 subsection (f) of this Code section.

4 (f) A municipal or county governing authority that reasonably believes an applicant that  
5 has not yet accessed rights of way in that municipality or unincorporated area of a county  
6 and does not possess satisfactory financial and technical capability to provide cable service  
7 or video service or is not duly authorized to conduct business in Georgia shall object to the  
8 issuance of a state franchise before it is officially issued by the Secretary of State. If a  
9 municipal or county governing authority objects to the issuance of a state franchise on  
10 these grounds, the Secretary of State shall consider whether the objection is well founded  
11 and shall make a determination as to whether to grant the state franchise notwithstanding  
12 the objection or to deny or suspend the application pending the receipt of information  
13 sufficient to demonstrate the applicant has satisfactory financial and technical capability.  
14 If the Secretary of State has not acted on the objection of a municipal or county governing  
15 authority's objection and a state franchise is issued as set forth in subsection (e) of this  
16 Code section, then such temporary issuance of the state franchise shall be subject to the  
17 Secretary of State's determination on the objection.

18 (g)(1) At any time after January 1, 2008, an incumbent service provider may file an  
19 application for a state franchise pursuant to this Code section with the Secretary of State  
20 with a copy provided to each affected municipal or county governing authority except as  
21 set forth in paragraphs (2) and (3) of subsection (a) of Code Section 36-76-3. Upon the  
22 Secretary of State issuing such state franchise, any existing franchise for the service area  
23 covered by the state franchise shall, subject to the continuation of PEG support  
24 obligations in paragraph (4) of this subsection, terminate and be of no further force or  
25 effect.

26 (2) An incumbent service provider that elects to terminate an existing franchise for the  
27 service area covered by the state franchise under this subsection shall remain subject to  
28 the contractual rights, duties, and obligations incurred by the incumbent service provider  
29 under the terms and conditions of the terminated local franchise that are owed to any  
30 private person, including a subscriber.

31 (3) As used in this subsection, the term 'private person' shall not include:

32 (A) The municipal or county governing authority that issued the terminated local  
33 franchise;

34 (B) A political subdivision, government agency, or authority of the state not described  
35 in subparagraph (A) of this paragraph; or

36 (C) Any official, agent, or employee acting in an official capacity of the municipal or  
37 county governing authority that issued the terminated local franchise.

1 (4) An incumbent service provider that elects to terminate a franchise under this  
2 subsection shall continue to provide PEG access support, as such existed on January 1,  
3 2007, under the same terms as the terminated local franchise had it not been terminated  
4 until the local franchise would have expired under its own terms.

5 (5) Notwithstanding a termination of a local franchise pursuant to this subsection, a  
6 municipality or county shall be entitled to operate its existing PEG channel or channels,  
7 as such existed on January 1, 2007, relating to the number of channels and the usage  
8 criteria for such channels under the same terms as the terminated local franchise had it  
9 not been terminated, pursuant to this subsection, until July 1, 2012. The 12 month  
10 development period for PEG channels set forth in subsection (a) of Code Section 36-76-8  
11 shall not apply to existing PEG channels operating under the entitlement provisions of  
12 this subsection.

13 (6) The 12 month development period for PEG channels set forth in subsection (a) of  
14 Code Section 36-76-8 shall not apply to channels being operated at the time that any  
15 holder of a state franchise adopts or renews a state franchise after July 1, 2012.

16 (7) An incumbent service provider that elects to terminate a franchise under this  
17 subsection, shall, until July 1, 2012, continue to provide access on the nonbasic or digital  
18 tier to any municipality or county that has an activated public safety training channel as  
19 of January 1, 2007. This channel shall be used exclusively for the purpose of training  
20 public safety personnel. After July 1, 2012, the state franchise holder shall be entitled to  
21 use other reasonable, readily accessible means to accomplish the purpose of the channel.

22 (8) Each holder of a state franchise shall have the obligation to provide access to the  
23 same number of PEG channels pursuant to Code Section 36-76-8 and the additional PEG  
24 support cash payments specified in this paragraph for PEG access facilities in a service  
25 area as the incumbent service provider with the most subscribers in such service area as  
26 of January 1, 2007, which obligation shall continue until the local franchise would have  
27 expired under its own terms as specified in paragraph (4) of this subsection; provided,  
28 however, that if a local franchise would have expired before July 1, 2012, the holder of  
29 a state franchise shall continue to provide access to the same number of PEG channels  
30 until July 1, 2012, as provided in paragraph (5) of this subsection. To the extent such  
31 incumbent service provider provides PEG access support during said period in the form  
32 of periodic payments to the municipal or county governing authority equal to a  
33 percentage of gross revenue or a prescribed per subscriber amount, the state franchise  
34 holder shall be obligated to make the same periodic payments to the governing authority  
35 at the same time and equal to the same percentage of gross revenue or prescribed per  
36 subscriber amount. To the extent such incumbent service provider provides PEG access  
37 support to the applicable governing authority during said period in the form of a lump

1 sum payment that remains unsatisfied as of January 1, 2008, the holder of a state  
2 franchise shall be obligated to provide a lump sum payment to said authority based on its  
3 proportion of the total number of cable service and video service subscribers of all service  
4 providers in such service area. No payments shall be due under this paragraph until the  
5 municipality or county notifies the respective providers, in writing, of the percentage of  
6 gross revenues, the per subscriber amount, or the lump sum payment amount and the  
7 expiration date of the local franchise obtaining such obligations. The holder of a state  
8 franchise may designate that portion of the subscriber's bill attributable to any fee  
9 imposed pursuant to this paragraph as a separate item on the bill and recover such amount  
10 from the subscriber.

11 36-76-5.

12 (a) A state franchise shall be fully transferable to any successor in interest to the applicant.  
13 A notice of transfer shall be filed by the transferee with the Secretary of State with a copy  
14 provided to each affected municipal or county governing authority within 45 days of such  
15 transfer. The transfer notification shall consist of an affidavit signed by an officer or  
16 general partner of the transferee that contains each of the following:

17 (1) An affirmative declaration that the applicant shall comply with all applicable federal  
18 and state laws and regulations, including municipal and county ordinances and  
19 regulations, regarding the placement and maintenance of facilities in any public right of  
20 way that are generally applicable to all users of the public right of way and specifically  
21 including Chapter 9 of Title 25, the 'Georgia Utility Facility Protection Act';

22 (2) A description of the transferee's service area, including the name of each municipal  
23 or county governing authority within the service area;

24 (3) The location of the transferee's principal place of business and the name or names  
25 of the principal executive officer or officers of the transferee; and

26 (4) A description of material changes, if any, of the information set forth in the  
27 applicant's initial application for a state franchise.

28 (b) Any outstanding liabilities that have become due and are still owed to a municipal or  
29 county governing authority under a state franchise issued pursuant to this chapter shall be  
30 fully transferable under this Code section to any successor in interest to the applicant.

31 (c) The failure of the Secretary of State to issue an amended state franchise within 45 days  
32 of the receipt of a completed transfer notice shall constitute issuance of the requested  
33 amended state franchise to the transferee without further action required.

34 (d) A cable service provider or video service provider may modify its service area covered  
35 by the state franchise by notifying the Secretary of State of changes to the service area,  
36 with a copy provided to each affected municipal or county governing authority, at least 20

1 days prior to the effective date of such change. Such notification shall contain a  
2 geographic description of the new service area or areas and a list of each municipal or  
3 county governing authority within the service area.

4 (e) A state franchise issued pursuant to this chapter may be terminated by the cable service  
5 provider or video service provider by submitting a notice of termination to the Secretary  
6 of State with a copy provided to each affected municipal or county governing authority.  
7 Such notice shall identify the cable service provider or video service provider, the affected  
8 service area, and the effective date of such termination, which shall not be more than 60  
9 days from the date of filing the notice of termination.

10 36-76-6.

11 (a) The holder of a state franchise, whether a cable service provider or a video service  
12 provider, shall pay to each affected local governing authority which complies with this  
13 Code section a franchise fee which shall not exceed the maximum percentage rate  
14 permitted in 47 U.S.C. Section 542(b) of such holder's gross revenues received from the  
15 provision of cable service or video service to subscribers located within such holder's  
16 service area.

17 (1) Each affected local governing authority or its authorized designee shall provide  
18 written notice to the Secretary of State and each applicant for or holder of a state  
19 franchise with a service area located within that affected local governing authority's  
20 jurisdiction of the franchise fee rate that applies to the applicant for or holder of such state  
21 franchise. The applicant for or holder of a state franchise shall start assessing the  
22 franchise fee within 15 days of receipt of written notice from the affected local governing  
23 authority or its authorized designee and shall not be required to pay such franchise fee  
24 until the expiration of 15 days after receipt of such written notice. Any incumbent service  
25 provider who obtains a state franchise under paragraph (1) of subsection (g) of Code  
26 Section 36-76-4 shall pay its existing franchise fee during the 15 day period after receipt  
27 of written notice of the new fee. The franchise fee rate shall be uniformly applicable to  
28 all cable service providers and video service providers that obtain a state franchise within  
29 the affected local governing authority. For purposes of this Code section, an authorized  
30 designee is an agent authorized by charter or other act of the affected local governing  
31 authority.

32 (2) Any affected local governing authority may change the franchise fee applicable to  
33 holders of a state franchise once every two years. The affected local governing authority  
34 or its authorized designee shall provide written notice to the Secretary of State and the  
35 applicants for or holders of a state franchise with a service area within that affected local  
36 governing authority's jurisdiction of the new franchise fee rate. The holder of a state

1 franchise shall start assessing the new franchise fee within 45 days of receipt of written  
2 notice of the change from the affected local governing authority or its authorized  
3 designee. The franchise fee rate shall be uniformly applicable to all cable service  
4 providers and video service providers that obtain a state franchise within the affected  
5 local governing authority's jurisdiction.

6 (b) Such franchise fee shall be paid directly to each affected local governing authority  
7 within 30 days after the last day of each calendar quarter. Such payment shall be  
8 considered complete if accompanied by a statement showing, for the quarter covered by  
9 the payment:

10 (1) The aggregate amount of the state franchise holder's gross revenues, specifically  
11 identifying subscriber and advertising and home shopping services revenues under this  
12 chapter insofar as the franchise holder's existing billing systems include such capability,  
13 attributable to such municipality or unincorporated areas of the county; and

14 (2) The amount of the franchise fee payment due to such municipality or county.

15 In the event that franchise fees are not paid on or before the dates specified above, then the  
16 affected local governing authority shall provide written notice to the franchise holder  
17 giving the cable service provider or video service provider 15 days from the date of the  
18 franchise holder's receipt of such notice to cure any such nonpayment. In the event  
19 franchise fees are not remitted to the affected local government authority postmarked on  
20 or before the expiration of the 15 day cure period, then the holder of the state franchise  
21 shall pay interest thereon at a rate of 1 percent per month to the affected local governing  
22 authority. If the 15 day cure period expires on Saturday, Sunday, or a legal holiday, the  
23 due date shall be the next business day. Moreover, the franchise holder shall not be  
24 assessed interest on late payments if franchise payments were submitted in error to a  
25 neighboring local governing authority.

26 (c) Each affected local governing authority may, no more than once annually, audit the  
27 business records of the state franchise holder to the extent necessary to ensure payment in  
28 accordance with this Code section. For purposes of this subsection, an audit shall be  
29 defined as a comprehensive review of the records of the holder of a state franchise. Once  
30 any audited period of a state franchise holder has been the subject of a requested audit, such  
31 audited period of such state franchise holder shall not again be the subject of any audit. In  
32 the event of a dispute concerning the amount of the franchise fee due to an affected local  
33 governing authority under this Code section, an action may be brought in a court of  
34 competent jurisdiction by an affected local governing authority seeking to recover an  
35 additional amount alleged to be due or by a state franchise holder seeking a refund of an  
36 alleged overpayment; provided, however, that any such action shall be brought within three  
37 years following the end of the quarter to which the disputed amount relates. Such time

1 period may be extended by written agreement between the state issued franchise holder and  
2 such affected local governing authority. Each party shall bear the party's own costs  
3 incurred in connection with any such examination or dispute. In the event that an affected  
4 local governing authority files an action to recover alleged underpayments of franchise fees  
5 and a court of competent jurisdiction determines the cable service provider or video service  
6 provider has underpaid franchise fees due for any 12 month period by 10 percent or more,  
7 the cable service provider or video service provider may be required to pay the affected  
8 local governing authority its reasonable costs associated with the audit along with any  
9 franchise fee underpayments; provided, however, late payments shall not apply.

10 (d) The statements made pursuant to subsection (b) of this Code section and any records  
11 or information furnished or disclosed by a cable service provider or video service provider  
12 to an affected local governing authority pursuant to subsection (c) of this Code section shall  
13 be exempt from public inspection under Code Section 50-18-70.

14 (e) No acceptance of any payment shall be construed as a release or as an accord and  
15 satisfaction of any claim an affected local governing authority may have for further or  
16 additional sums payable as a franchise fee.

17 (f) Any amounts overpaid by the holder of a state franchise shall be deducted from future  
18 franchise payments.

19 (g) The holder of a state franchise may designate that portion of a subscriber's bill  
20 attributable to any franchise fee imposed pursuant to this Code section as a separate item  
21 on the bill and recover such amount from the subscriber; provided, however, that such  
22 separate listing shall be referred to as a 'franchise' or a 'franchise fee.'

23 (h) No affected local governing authority shall levy any additional tax, license, fee,  
24 surcharge, or other assessment on a cable service provider or video service provider for or  
25 with respect to the use of any public right of way other than the franchise fee authorized  
26 by this Code section. Nor shall an affected local governing authority levy any other tax,  
27 license, fee, or assessment on a cable service provider or video service provider or its  
28 subscribers that is not generally imposed and applicable to a majority of all other  
29 businesses. The franchise fee authorized by this Code section shall be in lieu of any permit  
30 fee, encroachment fee, degradation fee, or other fee that could otherwise be assessed on a  
31 state issued franchise holder for the holder's occupation or work within the public right of  
32 way; provided, however, that nothing in this Code section shall restrict the right of any  
33 municipal or county governing authority to impose ad valorem taxes, sales taxes, or other  
34 taxes lawfully imposed on a majority of all other businesses within such municipality or  
35 county.

1 36-76-7.

2 (a) The holder of a state franchise shall comply with the customer service standards as set  
3 forth in 47 C.F.R. 76.309(c). No franchising authority shall have the power to require the  
4 holder of a state franchise to comply with any customer service standards other than those  
5 set forth in this Code section.

6 (b) Except as provided in paragraph (2) of subsection (c) of this Code section, each  
7 affected local governing authority shall receive and handle complaints from subscribers  
8 of the holder of a state franchise that reside in the affected local governing authority's  
9 jurisdiction.

10 (c)(1) By December 31, 2007, the Governor's Office of Consumer Affairs shall conduct  
11 a rulemaking to establish a uniform set of rules, which may include fines and penalties,  
12 pursuant to which an affected local governing authority shall resolve subscriber  
13 complaints. Said rules shall include a requirement that the cable service provider or  
14 video service provider participate in mandatory nonbinding mediation with the affected  
15 local governing authority and the subscriber if the issue cannot be resolved between the  
16 cable service provider or video service provider and the subscriber. Said rules shall apply  
17 only until 50 percent of the potential subscribers within an affected local governing  
18 authority are offered service by two or more cable service providers or video service  
19 providers holding a state franchise or a local franchise.

20 (2) After such time as 50 percent of the potential subscribers within an affected local  
21 governing authority are being offered service by two or more cable service providers or  
22 video service providers holding a state franchise or a local franchise, an affected local  
23 governing authority may, in its discretion, by the adoption of a resolution or ordinance,  
24 discontinue receiving and handling all subscriber inquires, billing issues, and other  
25 complaints for state franchise holders. Notwithstanding any other provision of law,  
26 where an affected local governing authority discontinues receiving and handling  
27 subscriber inquires, billing issues, and other complaints relating to state franchise holders  
28 by adoption of a resolution or ordinance pursuant to this paragraph, bills to subscribers  
29 by cable service providers or video service providers holding a state franchise shall not  
30 include the contact information of such affected local governing authority for the purpose  
31 of directing or initiating complaints or making other such subscriber inquires.

32 36-76-8.

33 (a) No later than 12 months after receipt of a written request by a municipal or county  
34 governing authority, the holder of a state franchise shall designate capacity in its network  
35 to allow for the airing of noncommercial PEG programming required by this Code section.

1 (b)(1) Subject to the usage criteria set forth in this subsection, a municipal or county  
2 governing authority that does not have PEG access channels activated under the  
3 incumbent service provider's franchise agreement as of January 1, 2008, may request a  
4 sufficient amount of capacity on its network to support up to three PEG channels for a  
5 municipality in this state having a population of 50,000 or more according to the United  
6 States decennial census of 2000 or any future such census or an unincorporated area of  
7 a county which is located in a county in this state having a population of 50,000 or more  
8 according to the United States decennial census of 2000 or any future such census or up  
9 to two PEG channels for a municipality in this state having a population of 50,000 or less  
10 according to the United States decennial census of 2000 or any future such census or an  
11 unincorporated area of a county which is located in a county in this state having a  
12 population of 50,000 or less according to the United States decennial census of 2000, and  
13 the cable service provider or video service provider shall designate such sufficient  
14 amount of capacity. No cable service provider or video service provider shall be required  
15 to provide more than three PEG access channels on its network within a municipality or  
16 unincorporated area of a county if there does not exist at the time of the state franchise  
17 more than three active PEG channels in such municipality or unincorporated area of the  
18 county.

19 (2) To qualify for the first PEG channel on the basic or analog tier of service, the written  
20 request of the municipality or county shall include a certification that it has produced at  
21 least 15 hours of nonduplicative original programming for production in the first month  
22 of operation and that the municipality or county shall continue to produce at least 15  
23 hours of nonduplicative original programming for each month that the channel is  
24 provided.

25 (3) Alternatively, to qualify for the first PEG channel on the basic or analog tier of  
26 service, two or more municipalities or counties may collectively include a certification  
27 that they have produced at least 15 hours of nonduplicative original programming for  
28 production in the first month of operation and that the municipalities or counties shall  
29 continue to produce at least 15 hours of nonduplicative original programming for each  
30 month that the channel is provided.

31 (4) To qualify for a second PEG channel on the basic or analog tier of service, the  
32 municipality or county shall certify that the first channel is being substantially utilized,  
33 and that upon activation, the second PEG channel shall also be substantially utilized. For  
34 purposes of this subsection, PEG channels shall be considered 'substantially utilized'  
35 when 12 continuous hours of content are programmed on that channel each calendar day.  
36 In addition, at least 75 percent of the 12 hours of programming for each business day over  
37 each calendar quarter, on average, shall be nonduplicative programming. Nonduplicative

1 programming shall include the first three broadcasts in a day of a meeting of an elected  
2 government body.

3 (5) To qualify for a third PEG channel, a municipality in this state having a population  
4 of 50,000 or more according to the United States decennial census of 2000 or any future  
5 such census or an unincorporated area of a county which is located in a county in this  
6 state having a population of 50,000 or more according to the United States decennial  
7 census of 2000 or any future such census shall certify that the channel shall be  
8 programmed for at least eight continuous hours of nonduplicative content per day. The  
9 third PEG channel shall only be available on the nonbasic digital tier.

10 (6) Any municipality or county that has not obtained a second PEG channel on the basic  
11 or analog tier may qualify for a second PEG channel on the nonbasic digital tier by  
12 certifying that the channel shall be programmed for at least eight continuous hours of  
13 nonduplicative content per day.

14 (7) Any PEG channel capability provided pursuant to this Code section that does not  
15 comply with the usage criteria set forth in this subsection or is not substantially utilized  
16 by the municipality or county shall no longer be made available after reasonable notice  
17 is provided to the municipality or county but may be programmed at the franchise  
18 holder's discretion. At such time as the municipality or county certifies to the franchise  
19 holder that it shall meet the usage criteria for that particular channel, the cable service  
20 provider or video service provider shall restore the previously lost channel. However, the  
21 franchise holder shall be under no obligation to carry that channel on a basic or analog  
22 tier.

23 (c) Upon request by a municipality or county that does not have an activated PEG channel,  
24 the state franchise holder shall provide access to one nonexclusive PEG channel for the  
25 purpose of providing public, educational, and government programming. This  
26 nonexclusive channel shall be available as an additional option to municipalities and  
27 counties and shall not eliminate the requirements of subsection (b) of this Code section.

28 (d) In the event that the provision of video service and cable service is federally mandated  
29 to be digitally provided, the franchise holder shall be entitled to satisfy the PEG obligations  
30 by locating the channels on any channel provided in the basic subscription service offered  
31 by the provider.

32 (e) Municipalities, counties, and cable service providers and video service providers shall  
33 cooperate in the sharing of channel capacity to provide PEG access for municipalities and  
34 counties served by the cable service provider or video service provider.

35 (f) The holder of a state franchise shall designate capacity on its system sufficient to allow  
36 the provision of the same number of PEG access channels that a municipal or county

1 governing authority has activated under the incumbent service provider's franchise  
2 agreement as of January 1, 2008.

3 (g) The operation of any PEG access channel provided pursuant to this Code section and  
4 the production of programming thereon, including all capital costs and costs of production,  
5 shall be the responsibility of the municipality or the county receiving the benefit of such  
6 channel, and the holder of a state franchise shall only have the responsibility to transmit  
7 such channel to subscribers. If the holder elects not to seek interconnection with the  
8 incumbent under subsection (i) of this Code section or if the incumbent service provider  
9 and the holder of a state franchise cannot reach mutual agreement on interconnection terms,  
10 the holder of a state franchise shall be responsible for providing one location of  
11 connectivity to each PEG access channel up to the first 200 feet from the holder's activated  
12 wireline video programming distribution facility located in the holder's designated service  
13 area.

14 (h) The municipality or the county shall ensure that all transmissions of content and  
15 programming provided by or arranged by them to be transmitted over a PEG channel by  
16 a holder of a state franchise are provided and submitted to the cable service provider or  
17 video service provider in a manner or form that is capable of being accepted and  
18 transmitted by such cable service provider or video service provider over its system without  
19 further alteration or change in the content or transmission signal and which is compatible  
20 with the technology or protocol utilized by the cable service provider or video service  
21 provider to deliver its cable services or video services. The provision of PEG content to  
22 the cable service provider or video service provider shall constitute authorization for such  
23 cable service provider or video service provider to carry such content on the PEG channel  
24 of the municipality or county including, at the cable service provider or video service  
25 provider's option, providing such content beyond the jurisdictional boundaries of the  
26 municipality or county to the extent permitted by federal law.

27 (i) Where technically feasible, the holder of a state franchise and an incumbent service  
28 provider shall use reasonable efforts to interconnect their systems on mutually acceptable  
29 and reasonable terms for the purpose of providing PEG programming. Interconnection  
30 may be accomplished by direct cable microwave link, satellite, or other reasonable method  
31 of connection. Holders of a state franchise and incumbent service providers shall not  
32 unreasonably withhold interconnection of PEG channels.

33 (j) A holder of a state franchise shall not be required to interconnect for or otherwise  
34 transmit commercial PEG programming content or PEG content that is branded with the  
35 logo, name, or other identifying marks of another cable service provider or video service  
36 provider, and a municipality or county may require a cable service provider or video

1 service provider to remove its logo, name, or other identifying marks from PEG content  
2 that is to be made available to another provider.

3 36-76-9.

4 A cable service provider or video service provider shall, upon written request by a  
5 municipality or county, install, at no charge, one service outlet to a demarcation point  
6 located on the outside of any designated municipal or county building or multibuilding  
7 complex, provided such building demarcation point is within 125 feet from the cable  
8 service provider or video service provider's activated distribution point of connection. A  
9 cable service provider or video service provider shall not be required to extend its facilities  
10 beyond the appropriate demarcation point located outside the building or to perform any  
11 inside wiring. The cable service provider or video service provider shall provide  
12 complimentary basic cable service or video service to public schools and public libraries  
13 over that one service outlet free of charge, which service shall not be used for commercial  
14 purposes. The cable service provider or video service provider shall provide  
15 complimentary basic cable service or video service to public buildings other than public  
16 schools and public libraries only to the extent such a complimentary service arrangement  
17 existed under the terms of a local franchise agreement in effect as of January 1, 2007, and  
18 shall continue only until the local franchise agreement would have expired under its own  
19 terms; provided, however, that such provider shall not be precluded from providing such  
20 additional complimentary service at its option. The municipality or county may not receive  
21 service at the same building from more than one cable service provider or video service  
22 provider at a time under this Code section.

23 36-76-10.

24 No franchising authority, state agency, or political subdivision of the state shall impose any  
25 build-out requirement on system construction or service deployment on a holder of a state  
26 franchise. This chapter shall occupy the entire field of franchising or otherwise regulating  
27 cable service and video service. An affected local governing authority's power to regulate  
28 the holder of a state franchise shall be limited to:

29 (1) A requirement that the holder of a state franchise who is providing cable service or  
30 video service within the municipality or unincorporated area of the county shall notify  
31 each affected local governing authority at least ten days before providing service in such  
32 municipality or county. A municipal or county governing authority may require the  
33 holder of a state franchise to update the description of the service area provided in the  
34 application for a state franchise annually and may also require the holder of a state

1 franchise to maintain a point of contact that shall be available during normal business  
2 hours;

3 (2) The establishment of reasonable guidelines regarding the use of PEG access  
4 channels;

5 (3) The lawful and reasonable exercise of the police powers of the municipal or county  
6 governing authority to the extent reasonably necessary to protect the health, safety, and  
7 welfare of the public;

8 (4) The enactment and enforcement of lawful and reasonable laws and rules and  
9 municipal or county ordinances and regulations concerning excavation, permitting,  
10 bonding requirements, indemnification requirements, and placement and maintenance of  
11 facilities in any public right of way that are generally applicable to all users of any public  
12 right of way, except to the extent specifically precluded by subsection (h) of Code  
13 Section 36-76-6; and

14 (5) The lawful and reasonable exercise of the rights established in this chapter.

15 36-76-11.

16 (a) A holder of a state franchise shall not deny access to service to any group of potential  
17 residential subscribers because of the income of the residents in the local area in which  
18 such group resides.

19 (b) For purposes of determining whether a cable service provider or video service provider  
20 has violated subsection (a) of this Code section, cost, density, distance, and technological  
21 or commercial limitations shall be taken into account. An alleged violation of subsection  
22 (a) of this Code section shall only be considered within the description of the service area  
23 set forth in an application or amended application for a state franchise. The inability to  
24 serve an end user because a holder is prohibited from placing its own facilities in a building  
25 or property shall not be found to be a violation of subsection (a) of this Code section. Use  
26 of an alternative technology or service arrangement that provides comparable content,  
27 service, and functionality shall not be considered a violation of subsection (a) of this Code  
28 section. This Code section shall not be construed as authorizing any build-out  
29 requirements on a cable service provider or video service provider.

30 (c) Any potential residential subscriber or group of residential subscribers who believes  
31 it is being denied access to services in violation of subsection (a) of this Code section may  
32 file a complaint with the affected local governing authority, along with a clear statement  
33 of the facts and the information upon which it is relying to support the complaint. Upon  
34 receipt of any such complaint, the affected local governing authority shall serve a copy of  
35 the complaint and supporting materials upon the subject cable service provider or video  
36 service provider, which shall have 60 days after receipt of such information to submit a

1 written answer and any other relevant information the provider wishes to submit to the  
2 affected local governing authority in response to the complaint. If the affected local  
3 governing authority is not satisfied with the response, the affected local governing authority  
4 shall compel the cable service provider or video service provider to participate in  
5 nonbinding mediation. If the mediation does not resolve the matter to the satisfaction of  
6 the affected local governing authority, the affected local governing authority may file a  
7 complaint with a court of competent jurisdiction. No affected local governing authority  
8 shall file an action in court without having participated in a mediation of the complaint.  
9 If such court finds that the holder of a state franchise is in material noncompliance with this  
10 Code section, the holder shall have a reasonable period of time, as specified by the court,  
11 to cure such noncompliance. The court may also award the affected local governing  
12 authority its reasonable costs and attorneys fees in seeking enforcement of subsection (a)  
13 of this Code section."

14 **SECTION 2.**

15 This Act shall become effective on July 1, 2007.

16 **SECTION 3.**

17 All laws and parts of laws in conflict with this Act are repealed.
