Agenda: Approve as presented

New Contract Affidavits Discussion:

- Effective Dates

The purpose of an APC reporting changes in directed experience under supervision (experience) by submission of the Contract Affidavit is to obtain Board review of the experience and receive confirmation on whether it is eligible for approval towards the LPC licensure requirements or not.

If Contract Affidavit changes are not submitted or are not submitted timely, then the APC assumes the risk that the experience may not be eligible for approval towards the LPC licensure requirements. Contract Affidavits that meet all requirements will be approved effective the Board meeting date the contract is voted approved by the Board.

Any post-master's directed work experience under supervision obtained prior to the approval date may be eligible for approval towards the LPC licensure requirements; however the Board will not make a determination until the LPC application documenting that experience is received and reviewed.

The committee will present their recommendations to the full Board on August 10, 2018.

With no additional business requiring discussion, the committee meeting adjourned at 9:11 a.m.
