New Business

The Board will finalize rule 180-6-.09 in December 2020.

Vice Chairman Darien Sykes gave a brief update on the Rules & Affidavit required by OCGA 43-15-9.1. Executive Director Darren Mickler informed the Board that it would be acceptable to postpone the deadline for receiving the affidavits until some point after the new license type is created in our database. Assistant Attorney General Max Changus also agree that due to the Covid 19 pandemic among other issue, adhering strictly to the code section may not be possible and therefore postponing the deadline would be acceptable. Taylor Wright indicated that he would prefer that all affidavits be received by the deadline date of January 1, 2021 as required by the statute, even if we had to postpone receiving the fee until after the new license type is created. The other Board members agreed with this course of action. Executive Director Darren Mickler indicated that he will check with Division Director La Trenda Tyler Jones and get back to the Board.

Mark Chastain made a motion to authorize Darien Sykes to finalize the SE affidavit and forward to Darren Mickler to make available to applicants for the SE license. Initially a fee will not be required and the affidavit must be received in the Board office prior to Jan 1, 2021 in accordance with OCGA 43-15-9.1. The Board will review the completed affidavits along with any necessary supporting documentation to determine if the applicant does or does not meet the requirements for grandfathering per the statute. The successful applicants will be notified of their approval and payment will be requested at that time. Taylor Wright seconded, and the motion carried unanimously.
