Discussion:

The Board discussed the requirement of a Board approved safety training course for renewal of the Utility Manager and Utility Foreman license per O.C.G.A. §§ 43-14-8.3 and 43-14-8.4. The Board also discussed the approval of courses that would be acceptable only for renewal and not initial licensure.

Requests received to become a Board approved safety training course should be forwarded to Steen for review and recommendation.

Correspondence:

A motion was made by Rawson, seconded by Wright, and the Board voted to approve a 90 day extension for UC300630 to acquire a licensed Utility Manager. None opposed, motion carried.

A motion was made by Rawson, seconded by Wright, and the Board voted to notify Donna Brown with Southern Engineer's Bookstore that the 2016 Soil & Erosion Control Manual will be used for the exam in 2017. None opposed, motion carried.

The Board discussed creating a rule for licensing military spouses and transitioning service members in order to be in compliance with HB821. Beard discussed with the Board the current requirements for licensure that are in place for veterans seeking licensure as a Utility Foreman. Dean informed the Board of a rule presently pending review in the Governor's Office. If the rule is approved the Board may want to consider using similar language. Dean explained HB821 in that each Board is required to create and adopt a rule by July 1, 2017 for licensing military spouses and transitioning service members.

Executive Session:

At 9:55 a.m. a motion was made by Steen, seconded by Wright, and the Board members present voted to enter into Executive Session in accordance with O.C.G.A. §§ 43-1-2(k), 43-1-19(h), and 50-14-2(1). None opposed, motion carried.
