Miscellaneous Executive Discussion – Board Rules

1. Rule 700-7-.02. Reinstatement of Expired Licenses - Amended

The Board entered into a discussion regarding the purpose of amending 700-7-.02. Reinstatement of Expired Licenses, and cited the need for clarification in the language so that it will be on one accord with the law. The Board stated that veterinary faculty are veterinarians and should therefore the language should identify that license type to ensure that it is understood that they too must meet the same as the other veterinary license types. The Board determined that it was important for veterinary faculty to obtain continuing education because they are educating veterinary students and are unable to ensure competent practitioners unless they themselves remain competent.

The Board has considered multiple variations and finds this amendment the least restrictive. The independent support for the Board's opinion about these changes would include the individual members of GVMA and faculty from the University of Georgia who were present at the time of the discussion.

The amendment will affect all applicants for reinstatement. The Board finds that there is some economic impact to veterinary faculty members who may not continue to obtain continuing education after completing their formal education; however, veterinary education programs do offer educational opportunities to their faculty onsite and often without a fee. As a result, the economic impact is nominal to them. There is no economic impact for the general public.

Dr. Sundstrom motioned, Dr. Bohn seconded and the Board voted unanimously in favor of the motion to refer 700-7-.02. Reinstatement of Expired Licenses to the Attorney General's Office for a Memorandum of Authority and if no objections, vote to post.

The Board discussed the economic impact of 700-7-.02. Reinstatement of Expired Licenses, upon licensees. Dr. Bohn motioned, Dr. Sundstrom seconded, and the Board voted unanimously in favor of the motion that the formulation and adoption of this rule does not impose excessive regulatory cost on any licensee and any cost to comply with the proposed rule cannot be reduced by a less expensive alternative.

Dr. Bohn motioned, Dr. Sundstrom seconded, and the Board voted unanimously in favor of the motion that it is not legal or feasible to meet the objectives of O.C.G.A. §§ 43-1-25, 43-50-21, 43-50-23, 43-50-24, 43-50-31 to adopt or implement differing actions for businesses as listed in O.C.G.A. § 50-13-4(3)(A), (B), (C), and (D). The formulation and adoption of this rule will impact every licensee in the same manner and each licensee is independently licensed in the field of Veterinary Medicine.

Dr. Sundstrom motioned, Dr. Bohn seconded and the Board voted unanimously in favor of the motion to release the Memorandum of Authority on 700-7-.02. Reinstatement of Expired Licenses from the Attorney General's Office to the Governor's Office.

2. Rule 700-7-.03. Continuing Veterinary Education - Amended

The Board indicated the purpose of amending 700-7-.03. Continuing Veterinary Education is to clarify continuing education requirements. The recommended amendments will remove ambiguity and more clearly define requirements for licensees.

The Board stated that the changes will ensure practitioners are up to date on current practices which provides for public safety. The Board considered multiple variations and feels this is the least restrictive avenue to accomplish the state's policy objectives. The revisions to the existing rule will award continuing education credit to course instructors who lead lectures and will allow for greater LEAP CE availability. The amendment will affect all licensees positively and create more options for obtaining CE credits.

The Board entered into a discussion on the economic impact of the amendments to 700-7-.03. Continuing Veterinary Education on licensees and noted that there is a positive economic impact on the licensees in that he or she will be able to obtain more CE at home and for the continuing education provider, as they will now get continuing education credit for the courses they teach. They further stated there is no impact on small businesses.

The formulation and adoption of this rule will impact every licensee in the same manner and each licensee is independently licensed in the field of Veterinary Medicine.

Dr. Sundstrom motioned, Dr. Corry seconded and the Board voted unanimously in favor of the motion to release the Memorandum of Authority from the Attorney General's Office to the Governor's Office.

Dr. Sundstrom motioned, Dr. Bohn seconded and the Board voted unanimously in favor of the motion to accept the recommendations and authority as presented by the Attorney General's Office; and, after incorporating said amendments to the rules, as is presented in the Attachment, post them for hearing after all rule amendments have been granted authority.
