**OPEN SESSION**

Bryant called the meeting to order at 9:05am on Thursday, September 21, 2023.  
Bryant declared the meeting to be “open” pursuant to the Open and Public Meeting Act, O.C.G.A. §§ 50-14-1 et seq.

**PRESENTATION**

01 – Bennett McCumber - Executive Director of Secondary Education Initiatives at Technical College System of Georgia

**GOVERNANCE**

(01) – Board reviewed changes in Rules 410-2, 410-3, and 410-4 that went into effect in August 2023. (Public hearing for these rule changes was in 2022). These rules pertain to the timeframe of an application: “Requirements for licensure must be complete within the timeframe indicated in the Joint Secretary rules and policies to avoid administrative withdrawal of the application. Any consideration of licensure after that date will require the applicant to submit a new application, new documents, and the appropriate fee. The testing requirement is exempt from this timeframe.”

(02) – Board reviewed new language for RN program rules pertaining to the NCLEX passage rates. The passage rate standard will be changed to the nursing program’s accrediting body standards in lieu of a passing percentage of at least eighty (80) percent. They also reviewed new language for rule pertaining to part time clinical/adjunct faculty.

This new language will allow baccalaureate prepared nurses to be employed in a part-time or adjunct status in clinical. Finding master's prepared part-time/adjunct faculty, especially in clinical setting, is difficult for most programs across Georgia. The Education Committee recommended these changes. The Board approved the new language in the rules and will send it to AG's office for an authority check.

## **STRATEGIC PLAN**

01 – Reentry for Endorsement Applications - Merry Fort requested the Board to review the Board Rules that are related to reentry. Specifically, the requirements for reentry for licensure by endorsement if a nurse has never allowed her license to lapse in another state and has not worked for several years. Why does the Board require re-entry for endorsement applicants and not for our licensees who do not allow their license to lapse but who have not worked for several years? There was discussion but no plans to change the Board Rule.

Board also reviewed whether an APRN applicant for reinstatement, who does not have the 500 practice hours in the last four years and needs reentry for their RN license and APRN authorization, is required to complete both an RN reentry program and an APRN reentry program. Since Board rules do not specify a requirement to complete both reentry programs, the Board decided that APRNs only needed to complete the APRN reentry program.

02 – Telemedicine/Virtual MPEs - The Board discussed and decided that MPEs, Mental and Physical Examinations, must be completed in-person with the provider and not virtually (i.e., telemedicine). Also, providers of MPEs must be completing the required drug tests on the same day as the examination.

03 – IV Hydration Position Statement – Board reviewed drafted IV Hydration (Administration of Intravenous Fluids (IV Hydration), Nutrient Therapies, and Medications for Hydration, Health, and Wellness) Position Statement that the APRN committee has been working. The Board agreed that a history and physical and an individualized prescription/order must be completed by a physician, NP, or PA before the administration of these treatments. Board decided to refer this position statement to the Attorney General's office to determine if the "establishment of a business" language is needed and scope of practice/role language for RNs, LPNs, and APRNs meets Georgia's standards.

04 – Cosmetic/Aesthetics Dermatological Procedures Position Statement - Board reviewed drafted Cosmetic/Aesthetics Dermatological Procedures Position Statement that the APRN committee has been working. The Board agreed that a history and physical and an individualized prescription/order must be completed by a physician, NP, or PA before the administration of these procedures. Board decided to refer this position statement to the Attorney General's office to determine if LPNs are allowed to complete these procedures and if the language in position statement meets Georgia's standards.

## **EDUCATION REPORT**

September 2023 Education Report – Board approved all substantive change recommendations. The Board denied developmental approval of Pinnacle School of Nursing LPN Program due to several deficiencies. Those deficiencies include:

1 – The availability of classroom and campus laboratory facilities and a library for the program: Are students going to be located in Georgia or New Jersey? What is the address of the facility where classroom space, lab, library, etc. for the program is found?

2 - Evidence of financial resources for the planning, implementation, and continuation of the program – letter of good standing from financial institution is not sufficient

3 - Currently program is not accredited by a regional accrediting agency, a unit of the University System of Georgia accredited by the Commission on Colleges of the Southern Association of Colleges and Schools, nor an institution of the Technical College System of Georgia. Also, Middle States Association of Colleges on Elementary and Secondary Schools where Pinnacle is seeking accreditation is not a regional accrediting agency.

4 - The Board has not yet decided if they will approve out of state online programs for the theory portion of the program.

Fort moved to accept the September 2023 Education Report. Loke seconded the motion and it carried unanimously.
