EDUCATION REPORT – November 2024 Education Report - Stevan Van Hook, RN, MSN

Gresham moved to accept the Education Report as presented. Batson seconded the motion, and it carried unanimously.

PRESENTATION

01 – SANE

Amy Hustell and Sarah Pederson from the Criminal Justice Coordinating Council presented statewide initiatives they have been developing to establish a SANE (Sexual Assault Nurse Examiner) Advisory/Expert Group and advocate for legislation to establish statewide training standards and continuing education for sexual assault examiners. They have requested a representative from the Board of Nursing to join their advisory/expert group. The Board will discuss this request at an upcoming meeting.

STRATEGIC PLAN

01 – Resources for Nurses (Burnout, Moral Distress)

The Board decided to ask Dr. Linda Floyd, a Mental Health Nurse Practitioner, to review the nurse burnout and moral distress resources provided to the Board by Jason Lesandrini and other organizations. If she is willing, Dr. Floyd will also draft a resource list to be posted on the Board's website.

GOVERNANCE

01 – APRN Rule Revision

The Board discussed the need to revise the APRN Rules in light of the recent statutory change requiring the Board to issue licenses to APRNs instead of authorizations. Additionally, a committee had updated the APRN Rules a few years ago, but the revisions were never presented at a Rules Hearing. The Board decided to have the current APRN members of the Board form a new APRN Rules Committee to review and make necessary amendments. Ryan Loke, Josh Batson, Jennifer Pipkin, and Darrell Thompson will serve on the committee.

02 – Position Statement: Administration of Propofol, Etomidate, Neuromuscular Blocking Agents, and Ketamine

The Board reviewed Wesley Karcher's recommendations on the need for emergency airway management training versus ACLS training for providers administering low-dose Ketamine. The Board decided to eliminate the ACLS training requirement for providers and RNs who administer Ketamine, instead using the terminology "emergency airway management and resuscitation." Additionally, a statement will be included indicating that the specific training required is at the discretion of the provider, facility, or practice. The revised position statement will be presented to the Board for approval at the December 2024 meeting.

03 – Policy 1.14 - Out of State Licensed Nurses Practicing in Healthcare Public Health Systems in Georgia during an Emergency or Disaster

Tanner made a motion to discontinue the policy due to the expiration of the Governor's State of Emergency. Update the website to reflect this change. Gresham seconded the motion, and it carried unanimously.

RULE WAIVER

Gresham moved to deny the following Petition for Rule Waiver. Loke seconded the motion, and the motion carried unanimously.

01 – Shayla Williams

CORRESPONDENCE

01 – Disciplinary Actions listed in the Georgian Nurse

Matt Caseman, CEO of the Georgia Nurses Association (GNA), reached out to inquire whether the Board had considered removing the recent disciplinary actions list of nurses from The Georgian Nurse magazine, which is published quarterly. GNA expressed concern that the list may "unfairly stigmatize good nurses and potentially harm their careers." After discussion, the Board decided to remove the disciplinary action list from the magazine. In its place, a link or QR code will be included that directs readers to the disciplinary list on the Board's website. Additionally, the Board agreed to include in the magazine a link/QR code to the imposter list on the Board's website.

02 – Atrium Floyd Providing Clinicals to AL Students

A nurse from Atrium Health Floyd reached out to confirm whether they could offer clinical placements to nursing students from Alabama nursing programs. This had been done in the past and was beneficial to the facility, as it allowed them to retain some of these students as employees after graduation. The Board has instructed staff to inform them that, at present, there is no established pathway for nursing students enrolled in out-of-state programs to complete clinicals in Georgia, and therefore, this is not permitted.
