## **PRESENTATIONS**

### 01 – CMEfy

Read Blumberg and Dr. Brian Cohen introduced Learner+, a new product from CMEfy that offers nurses an innovative approach to continuing education through Reflective Practice. According to CMEfy, Reflective Practice is a 100% opt-in, learner-initiated experience where meaningful reflections result in continuing education credit and potential lifelong and career-enhancing change. Board members received several website links containing additional information about Learner+.

### 02 – Nurse Apprenticeship Program

Tammy Bryant, Director of Curriculum for Allied Health at TCSG, Technical Colleges of Georgia, presented an LPN Apprenticeship Pilot Program, a collaboration between TCSG, Southern Regional Technical College, and Colquitt Regional Medical Center. The program is set to launch in August 2025 and will run for one year. LPN students participating in the program will receive monetary compensation as they complete their clinical education. The Board agreed to create a committee to review the program.

## **GOVERNANCE**

### 01 – APRN Death Certificate CE Legislation

The Board reviewed House Bill 54 that delegates the Board of Nursing to determine the continuing education required for APRNs authorized to sign death certificates. Julianna McConnell, UAPRN lobbyist, wanted to ensure that the BON would be supportive of this provision and be capable of overseeing the educational requirements. The Board does not oppose the bill but is seeking additional information, such as whether a fiscal note will be attached, as this would create additional responsibilities for Board staff, and if there is a possibility of incorporating a delayed start date for implementation. There is concern that, since the Board does not have direct access to protocol agreements to identify which APRNs are signing death certificates, it will be difficult to determine which APRNs are required to complete this specific continuing education when auditing. Executive Director Tara Taylor will follow up with Ms. McConnell to address these concerns.

## **CORRESPONDENCE**

### 01 – GA Healthcare Practitioners Truth and Transparency Act

A letter from the president of the Alliance for Patient Protection was reviewed by the Board, informing them that O.C.G.A. 43-1-33 was signed into law by Governor Kemp and took effect in July 2023. The law aims to "ensure transparency from all healthcare practitioners when interacting with patients, so they are clearly informed about who is providing their care." For example, APRNs are required to verbally identify themselves as APRNs during each patient interaction.

### 02 – CE Course Approval Request

The Board considered a request from Kyle Gross, Community Relations Advisor at Leaf Cremation, to have his continuing education course, End-Of-Life Care: Cremation Options and Process, approved for nursing continuing education. The course is one hour long and does not currently include a test. The Board decided that all continuing education courses accepted must be offered by a provider listed on the Board's Acceptable Provider List.
