### **OPEN SESSION**

Porter called the meeting to order at 10:00 am on Thursday, July 17, 2025. Porter declared the meeting to be “open” pursuant to the Open and Public Meeting Act, O.C.G.A. §§ 50-14-1 et seq.

### **RULE WAIVER**

Gresham made a motion to approve the following rule waiver. Willcox seconded the motion, and it carried unanimously.

01 – Tara Maloy

02 – Withdrawn

## **GOVERNANCE**

### 01 – APRN Revised Rules

Willcox made a motion to approve the revised APRN rules that were presented and to send the rules to the AG office for an authority check. Tanner seconded the motion, and it carried unanimously.

## **CORRESPONDENCE**

### 01 – TCSG RN/LPN

The Board received correspondence from Ben McCumber, Assistant Commissioner of the Technical College System of Georgia (TCSG), regarding certain Board rules that may present challenges for TCSG colleges as they pursue program growth and workforce expansion. Since the concerns primarily pertain to educational matters, the Board has referred the issue to the Education Committee.

Currently, all Education Committee appointments have expired. Stevan VanHook will send a notice to nursing programs inviting interested faculty to submit their CVs for consideration to serve on the committee. Board members in education-designated seats will also serve on the committee, along with Stevan. Gresham made a motion to form an Education Committee to review and address the issues. Bohannon seconded the motion, and it carried unanimously.

### 02 – Request to add AAHFN to Continuing Competency list

The Board received a request from Carolyn Book, Chief Nursing Officer at Northside Hospital Forsyth, to add the American Association of Heart Failure Nurses (AAHFN) to the list of approved certifying bodies for meeting licensure renewal requirements under Option 2. AAHFN offers the Certified Heart Failure Nurse (CHFNP) certification. Tanner approved the addition of AAHFN to the certifying body list, Gresham seconded the motion, and it carried unanimously.

## **STRATEGIC PLAN**

### 01 – Ketamine Position Statement

The Board has received numerous inquiries about the Administration of Propofol Position Statement, particularly regarding the recent addition of Ketamine. At recent meetings, the Board agreed to revise and clarify the language related to Ketamine and to establish a separate position statement for its administration. After discussion and review, Gresham made a motion to issue two distinct position statements—one for Propofol and one for Ketamine. Willcox seconded the motion, and it carried unanimously.

It was also decided to include a note above the position statements on the website clarifying that these statements are not laws or Board rules but are intended as guidance for nursing practice. The note will also emphasize the importance of adhering to facility policies and procedures.

### 02 – Military to LPN

At the June 2025 meeting, the Board reviewed a request from a military medic discharged in February 2023 who had been discharged from the military over 12 months prior to the application date, seeking approval to enroll in the Military to LPN transition program. While the Board approved this specific request, they agreed to revisit the issue at the next meeting to establish clearer guidelines. Following further discussion, the Board decided not to approve future requests that fall outside the statutory requirement that applicants must be discharged from the military within 12 months of the application date.

### 03 – Alabama Nursing Programs Utilizing GA Facilities for Clinical

The Board reviewed concerns raised by the Alabama Board of Nursing regarding Georgia's recent decision to no longer allow Alabama nursing programs to conduct clinicals in Georgia facilities, a practice that has been in place for many years. Tara Taylor gathered information from Alabama's Executive Director, while Stevan compiled data on Georgia nursing programs utilizing out-of-state clinical sites. The findings showed that both Georgia and out-of-state programs have historically used clinical sites across state lines. States like Alabama and Tennessee have already implemented formal pathways or approval processes for out-of-state programs to conduct clinicals within their borders.

Points that were considered:

1 – At present, our Board has only one full-time education consultant responsible for overseeing 97 nursing programs within Georgia. (This role was only converted from part-time to full-time in October 2023.) Unfortunately, we do not have the staffing capacity to regulate out-of-state nursing programs placing students in clinical rotations within Georgia.

2 – Many of our in-state nursing programs already face challenges securing adequate clinical placement sites for their students. Allowing out-of-state programs to place students in Georgia would further limit those opportunities for Georgia-based programs.

3 – Staff receives a large number of emails from online nursing programs requesting approval for their students to complete clinicals in Georgia. It's concerning that many of these virtual programs rely entirely on preceptors, who are not nursing faculty, to oversee 100% of the students' clinical hours.

4 – Operation Nightingale revealed that some of the involved programs had been utilizing Georgia clinical facilities without the Board's knowledge.

Gresham made a motion to temporarily allow out-of-state nursing programs to conduct clinicals in Georgia through Fall 2026. Tanner seconded the motion, and it carried unanimously.

### **EDUCATION REPORT** – July 2025 Education Report - Stevan Van Hook, RN, MSN

Gresham moved to accept the Education Report as presented. Tanner seconded the motion, and it carried unanimously. Willcox abstained from Education 11 and 12.

Annual Report Publication	Annual Report publication update.	Final revisions are still being made to the final report.
Erudite Nursing Institute	Unapproved nursing program in Georgia	Erudite Nursing Institute continues to graduate students even though the institution is not approved in Georgia. A previous cease and desist order was attempted; however, a physical site was unable to be located based on the physical location included on the institution's site. The Georgia Nonpublic Postsecondary Education Commission (GNPEC) also pursued action but was sued for defamation by Erudite. The Board office recently received an application from a graduate who was ineligible for the NCLEX examination. Erudite also corresponded with the applicant with information related to their being considered a non-traditional program and legally able to provide nursing education. Non-traditional programs must still be approved. Erudite offers PN, RN, and BSN program options, with the program of study duration being 3-9 weeks, depending on the program option. More information can be found on their website: <a href="https://www.eruditenursing.education/">https://www.eruditenursing.education/</a> . The email correspondence is included in the reference document EDUCATION 01 and includes correspondence from Erudite to the graduate.

The decision was based upon data supporting compliance with NLN CNEA pass rate standards.</p> <p>Additionally, NLN CNEA submitted an official notification following the conducted site visit that the program's continuing accreditation status has been deferred due to instability in nursing academic administration, with four nurse administrators in less than one year. Also, the program had not yet fully documented compliance with several quality indicators. The program has been given additional time to provide documentation and demonstrate compliance with the NLN CNEA standards. The program's continuing accreditation application has been deferred, and the program has been issued a Show Cause directive effective July 9, 2025. The program must submit documents by September 9, 2025, to address the Show Cause directive.</p> <p><b>Recommendation: Continue Conditional Approval status and re-evaluate the program's Conditional Approval status after official notification of NLN CNEA's Show Cause decision. The first cohort will enter Summer 2025 (May 2025) and graduate Spring 2026 (May 2026). The program anticipates increasing capacity to 25 or implementing a second cohort entry in the future. The 10 students are currently enrolled on the main campus but will transition to the new campus pending Board approval of new instructional site.</p> <p><b>Current NCLEX Pass Rates for all programs-</b> PN: 2024- 100% (19/19); 2023- 97.06% (33/34); 2022- 93.33% (28/30); 2021- 94.44% (34/36)</p> <p><b>Physical Resources-</b> The Ellijay campus has 7 classrooms, with one allocated to the PN program expansion. Simulation and lab equipment, and supplies were recently purchased along with renovations. The skills/low fidelity simulation lab has 5 beds complete with equipment simulating a hospital environment. Pictures of the skills/simulation lab are included on page 40 of the reference document. The Ellijay campus also has a dedicated computer lab that holds 30 students.</p>

The program will be offered in 4 12-week quarters over 12 months.</p> <p>The curriculum will include a total of 1291 contact hours, including 685 theoretical hours, 492 clinical hours, and 114 lab hours.</p> <p>The curriculum course breakdown and descriptions are included on page 9 of the reference document. Specific course comparisons are included on page 14 of the reference document.</p> <p>All curriculum components are accounted for except for required clinical experience in obstetrical and pediatric nursing care as required in <a href="#">Rule 410-9-.06 (5) (b)</a>. Clarification was sought from the program, and it was confirmed that both the maternity and pediatric courses include 10 lab hours each and do not include clinical contact hours. Email correspondence regarding clarification is included on page 20 of the reference document.</p> <p>Additionally, it was noted in the documentation that the program employs 6 faculty members, two full-time faculty including the Program Director (Nurse Administrator), and another full-time faculty member, as well as 4 part-time faculty members. The Faculty Summary Sheet is included on page 32 of the reference document. Currently, only 33% of the faculty are full-time employees of the sponsoring institution, which reveals non-compliance with <a href="#">Rule 410-9-.07 (1) (c)</a>. Rule 410-9-.07 requires that the majority of nursing faculty are full-time employees of the sponsoring agency. This was a previous deficiency cited during their initial site visit.</p>

The sole distinction between the two program options is that the ABSN program of study includes four consecutive semesters, while the traditional BSN option does not include a summer semester.</p> <p><b>Faculty:</b> The BSN program currently employs 16 full-time nursing faculty and 10 part-time clinical instructors for 186 BSN students. There are also two vacant Assistant Professor positions that will soon be filled before the Fall 2025 start. No new positions will need to be created for the ABSN option as the faculty-to-student ratio is below the rule requirement.</p> <p><b>Physical resources:</b> The Macon campus features a classroom with a seating capacity of up to 140 students. Both the Dublin and Warner Robins campuses can each accommodate up to 100 students in their respective classrooms. All three campuses are equipped with 20-bed nursing laboratories. Additionally, the Macon campus includes a single-bed simulation area with audio/video control, while the Dublin and Warner Robins campuses offer similar simulation spaces, each equipped with two beds. Full-time faculty members are each provided with dedicated office space. Part-time clinical instructors also have access to designated “visiting” offices, which are available for private meetings with students outside of the healthcare facility settings as needed.</p>

				<p>community development. The relocation will decrease the cost of maintaining a separate leased property.</p> <p>The relocation eliminates the logistical challenge faced by maintenance staff in addressing needs miles away from the main campus. It also allows the nursing faculty and students to access the entire university campus for activities, events, and meetings. The change increases the number of parking spaces available for students, which had become a problem at the remote location. It also increases the number of restrooms and allows the school to more easily comply with regulations regarding access for individuals with disabilities. Moving the nursing program to the main campus allows faculty and students immediate access to the campus safety department.</p> <p>The change will put nursing classes on the same campus as the university's robust Academic Support Office and Center for Student Success. For example, nursing students will be able to schedule tutoring sessions in the tutoring center between before or immediately after classes rather than relying on virtual sessions or investing extra driving time. Nursing students will also have immediate access to the student health center.</p> <p>The change does not impact clinical affiliations. There will be no interruption in classes, as the move is happening during the summer when there are no nursing classes in session.</p> <p>To achieve these goals, the University sought \$67,330 to renovate the lower level of George Lawson Hall to serve as laboratories, classrooms, and offices for the Cauble School of Nursing and Health Sciences.</p>

Georgia Piedmont Technical College	Associate	EDUCATION 23	Intent Documentation Developmental Approval Documentation	<p>Georgia Piedmont Technical College requests to develop and implement an Associate of Science in Nursing (ASN) program on its Newton Campus located in Covington, GA. The college has an established LPN program.</p> <p><b>Parent Institution:</b> Georgia Piedmont Technical is a unit of the Technical College System of Georgia (TCSG).</p> <p><b>Institutional Accreditation:</b> SACSCOC</p> <p><b>Program Type:</b> ASN</p> <p><b>Program Location:</b> Newton Campus location in Covington, GA</p> <p><b>Projected Enrollment/Timeline:</b> The anticipated start date is Fall 2026. The initial cohort will consist of 20 students, with plans to expand as the program develops and demonstrates success. Projected enrollment expansion is estimated to be an increase of 5 ASN students per year.</p> <p><b>Needs Assessment:</b> The feasibility study is noted beginning on page 5 of the reference document. The need is attributed to workforce demand, community and employer support, and emerging health needs in the college’s service area. The study also reports on the need for an RN program in Newton County, where one doesn’t currently exist. The study also reveals that students are facing barriers to admission into existing programs due to capacity limits, high admission standards, limited clinical site availability, and geographic barriers such as long commute times.</p> <p><b>Projected Revenue Sources:</b> Projected revenue sources and five-year projections are included beginning on page 12 of the reference document. Expected expenditures are included beginning on page 13 of the reference document. The</p>

projections show that while the program requires a significant investment in the pre-approval and early years, the commitment to quality faculty, equipment, and student resources is necessary to establish a strong foundation for the Associate of Science in Nursing program. The program's long-term success relies on careful management of resources, strong partnerships, and continued pursuit of grant funding.

**Clinical Support:** Support has been given by Piedmont Newton Hospital, Piedmont Rockdale Hospital and Georgia Regional Hospital- Atlanta, DBHDD. Letters of support are included in Appendices 7-9 beginning on page 47 of the reference document.

**Physical resources:** The Newton campus spans 67 acres and features multiple buildings and facilities, providing ample parking for students, faculty, staff, and visitors.

The ASN program will be located inside building B and shared with the LPN students; however, will not be used simultaneously.

There will be a simulated training hospital and dedicated classrooms equipped with modern instructional technology to facilitate learning. Each classroom has ample seating, ensuring a conducive learning environment for both lecture and group-based activities.

A fully equipped nursing skills lab will be established with resources essential for hands-on practice, including patient simulators, hospital beds, IV pumps, and other clinical equipment. This lab will provide students with realistic training scenarios that mimic clinical settings.

The campus library will provide access to a variety of nursing and healthcare resources, including textbooks, journals, and electronic databases. Librarians are available to assist students with research and resource navigation.

A designated computer lab with up-to-date hardware and software will support nursing students, providing access to essential online resources, including simulation software and research databases.

Conference rooms will be available for group study sessions, faculty meetings, and collaboration with clinical partners and community stakeholders.

Dedicated office spaces will be allocated for program administration, faculty, and support staff to facilitate student advising, administrative functions, and coordination with clinical sites.

**Faculty qualification records for nurse administrator and faculty members:** Stacha Hayes, MSN, MBA, RN, Director for the ASN program at GPTC, since May 2025, has extensive experience in prelicensure nursing education as a nursing faculty member. Additional faculty members include Winsome Chang and Monica Tennant.

The program will initially employ three full-time nursing and one part-time faculty to support an initial cohort of 20 students, maintaining a classroom ratio of 1:25 thereafter and a clinical ratio of 1:10, per GBON standards. Additional faculty will be hired as enrollment increases. Clinical instructors, including part-time faculty, will hold unencumbered Georgia RN licenses and at least a Bachelor of Science in Nursing (BSN) degree, along with relevant clinical experience.

**Program purpose or mission statement:** The program purpose and mission statements are included in the reference document on page 29. The purpose is to prepare students for entry level nursing practice and address the diverse communities and healthcare needs. The mission statement outlines the focus of learner-centered, inclusive educational environments that foster academic excellence, workforce readiness, and lifelong learning.

**Program philosophy/assumptions:** The philosophy of the program aligns with the program’s mission and vision and is rooted in a learner-centered philosophy. The program emphasizes critical thinking, cultural competence, and evidence-based practice to address diverse community health needs.

**Goals/outcomes of the curriculum:** The student learning outcomes include safe, patient-centered care; critical thinking and clinical judgement; effective communication; professionalism and accountability; evidence-based practice, technology and informatics; and health and wellness promotion through patient education.

				<p><b>Written plan for organization and development of curriculum:</b> The end-of-program student learning outcomes guide and organize the curriculum. The curriculum is based upon educational pedagogy, including Bloom’s Taxonomy, NCSBN Clinical Judgement Measurement Model, Kolb’s Experiential Learning Theory, and Tanner’s clinical Judgement Model. NLN core competencies ANA standards of professional nursing practice, and QSEN competencies are embedded throughout the curriculum and align with student learning outcomes.</p> <p><b>Curriculum plan:</b> The curriculum consists of 65 credit hours. The plan is included in the reference document beginning on page 37.</p> <p><b>Syllabi:</b> all nursing course syllabi are included in Appendices 16-22 of the reference document beginning on page 70.</p> <p><b>Plan for continuous quality assessment and improvement:</b> The program’s continuous quality assessment and improvement plan is included on page 23 of the reference document. The plan ensures excellence in organization and administration, curriculum, faculty, students, student and graduate performance, and education facilities and resources. The evaluation of student learning outcomes is also outlined beginning on page 27 of the reference document.</p> <p><b>Nursing education program information:</b> Information related to program admission is included beginning on page 21 of the reference document and outlines testing requirements, GPA, and general admission requirements. Options for advanced placement, acceleration, progression, and readmission are also outlined in the student handbook. Clinical requirements, advising, program policies, and procedures are outlined beginning on page 21 of the reference document.</p> <p><b>Recruitment plan:</b> The recruitment plan and strategies are outlined on page 20 of the reference document. Target audience and implementation timelines are also included. Recruitment efforts include structured educational pathways from other healthcare programs, high school outreach, clinical partnerships, marketing, and information sessions.</p>

**Q5 - How can we facilitate your personal development as a board member?**

ID	Name	Responses
1	anonymous	Have Lawanda (with AG input) speak about peer reviews. Also I liked when Tara presented about discipline. I like the idea of doing a 10 minute presentation like that during two day meetings. I think one hour presentations are sometimes not as well received.
2	anonymous	NA
3	anonymous	N/A
4	anonymous	I liked the reminder or refresher on the policy, statue, or procedure during the meeting.

**Q6 - Please list suggestions for improvement in Board operations and activities. 5 responses**

ID	Name	Responses
1	anonymous	I liked how we are having discussions via email about things (ex Ketamine). It is good and could help flow of meetings
2	anonymous	NA
3	anonymous	Participation from all board members when blogging. The best part of being on the BON is the experience/history each member has that the input is needed to help make case decisions.
4	anonymous	It was brought up that having an AG office rep on Thursday would be helpful.

There being no further business, the meeting adjourned July 17, 2025, at 11:52 AM.
