CORRESPONDENCE

01 – Save the Date-Nursing Workforce Summit

The Board received an announcement from Shawn Little, Associate Vice Chancellor of Healthcare Education for the University System of Georgia, that the University of Georgia will host a Nursing Workforce Summit on March 16, 2026, at Middle Georgia State University in Macon, Georgia. Additional details will be provided at a later date.

It was announced that the Nurse Licensure Compact will host a webinar on October 21, 2025, titled “The NLC: What Nurse Employers Need to Know.” This information was also shared with the Georgia Hospital Association.

02 – NLC Webinar

It was announced that the Nurse Licensure Compact will host a webinar on October 21, 2025, titled “The NLC: What Nurse Employers Need to Know.” This information was also shared with the Georgia Hospital Association.

STRATEGIC PLAN

01 – CNSPMH APRN

The Board reviewed the following item:

Currently, the Board recognizes five APRN roles (certified registered nurse anesthetist (CRNA), certified nurse-midwife (CNM), clinical nurse specialist (CNS), and certified nurse practitioner (CNP), whereas the statute specifies four. The additional role, CNS/PMH, is the only one identified with a population focus attached to the title. From my understanding, the CNS/PMH was the first APRN role granted prescriptive authority, which is why both the role and population were combined at that time. Since all APRNs (excluding CRNAs) now have prescriptive authority under a protocol agreement, distinguishing the PMH population within the CNS role is no longer necessary. It may be appropriate to revise this rule while we are in the process of updating the APRN rules. The proposed rules were approved at the July 2025 meeting but have not yet been submitted for a hearing.

Loke made a motion to amend the proposed APRN Board Rule 410-11 accordingly. Batson seconded the motion, and it carried unanimously.

RULE WAIVER

Gresham made a motion to deny the following rule waiver. Zinker seconded the motion, and it carried unanimously.

EMERGENCY RULE HEARING

At 5:06 p.m., the Board President initiated an emergency rule hearing.

Proposal:

The PLB Legal Team recommended that the Board of Nursing adopt an emergency rule requiring all licensees to record their continuing competency documentation in CE Broker. This measure is intended to ensure that licensees renewing between November 1 and December 31, 2025, are subject to the same requirements as those renewing after January 1, 2026, when the new statute, O.C.G.A. § 43-1-4.1, takes effect.

Failure to enact this emergency rule would result in only partial compliance with the Legislature's intent—namely, verifying completion of continuing education requirements prior to license renewal. Without this rule, non-compliant licensees could inadvertently renew their licenses and continue practicing in violation of continuing education requirements, potentially compromising public health, safety, and welfare.

Action:
