OPEN SESSION

Porter called the meeting to order at 9:00 am on Thursday, September 18, 2025. Porter declared the meeting to be “open” pursuant to the Open and Public Meeting Act, O.C.G.A. §§ 50-14-1 et seq.

RULE WAIVER

Bohannon made a motion to approve the following rule waiver. Pierce seconded the motion, and it carried unanimously.

01 – Iuliia Ihnatenko

Summerlin made a motion to approve the following rule waiver. Bohannon seconded the motion, and it carried unanimously.

02 – Fangfang Li

CORRESPONDENCE

01 – Wonder Love Lactation Services

A letter from Sophia Sarris of Wonderlove Lactation Services was sent to legislators, the Board of Nursing, the Secretary of State, insurance companies, and other agencies across Georgia expressing concern that lactation consulting services are not covered by health insurance. Ms. Sarris stated, “In the state of Georgia, large insurance companies exclude qualified providers from their networks, which limits access to coverage for breastfeeding women and their babies, thereby affecting a very large group of people.” After reviewing the correspondence, the Board

decided that Tara Taylor would send a response to Ms. Sarris thanking her for bringing the matter to their attention and informing her that while the Board cannot lobby for legislation, it supports her efforts to make these services reimbursable through insurance.

02 – CRNAs Training AAs

The Board reviewed a letter from Matt Oxford, President of the Georgia Association of Nurse Anesthetists, who expressed concern that Certified Registered Nurse Anesthetists (CRNAs) are being pressured to train Anesthesiologist Assistants (AAs) in their workplaces. He noted that the CRNA national professional organization advises against this practice, as the scope of practice for AAs differs from that of CRNAs. Mr. Oxford requested that the Board issue a position statement on this matter. After discussion, the Board determined that this issue appears to fall under facility oversight but asked Mr. Oxford to provide data on how many CRNAs across the state are being affected. Mr. Oxford agreed to submit this information.

03 – New APRN Licenses - Requirements for NPI and DEA numbers

CMS and the DEA provided the Board with the steps APRNs must take to update their NPI numbers and DEA registrations due to the transition of APRNs from authorization to licensure. The Board agreed to distribute this information to all APRNs via email.

STRATEGIC PLAN

01 – Board Meeting Dates

The 2026 Board Meeting Dates were presented for approval. Upon a motion by Tanner, seconded by Batson, the dates were approved.

03 – Website Update - Posting of Statement on Unapproved Nursing Programs

Due to Operation Nightingale and the unapproved nursing program, Erudite, that continues to advertise as a legitimate nursing program in Georgia, the Board moved to place the following statement on a banner on the landing page of the Board of Nursing website:

Choose wisely! Before enrolling, be sure the nursing program you are interested in is approved by the Georgia Board of Nursing. Check the Board's list of approved programs here: [link to approved programs](#)

The Board has identified a nursing program operating under the name Erudite in Georgia without Board approval. Graduates of this program do not meet the educational requirements for nurse licensure in Georgia and will be ineligible to take the NCLEX examination.

04 – GBON Education Committee Interest Survey Results

The results of the GBON Education Committee Interest Survey were presented. At 10:44 am, upon a motion by Tanner, seconded by Batson, the Board entered into Executive Session to discuss the survey results and potential new committee members. Following discussion, the Board reconvened in Open Session at 11:30 am. Upon

reconvening, a motion was made by Tanner, seconded by Zinker, and the Board voted to accept the survey results and to approve the addition of members to the Education Committee:

Jennifer Corner
Darrell Thompson
Sara Helton
Jennifer Parker
Shea Walker
Wanda Allen
Carloyn Reilly
Maura Schlairet
Troy Heidesch – Chair

The following Board members, who are also educators, will serve as well:

Jessica Willcox
Lydia Watkins
Cindy Summerlin

EDUCATION REPORT – September 2025 Education Report - Stevan Van Hook, RN, MSN

Summerlin moved to accept the Education Report as presented. Tanner seconded the motion, and it carried unanimously. Bohannon abstained from the Georgia Highlands College New Program Development vote.

Board moved to approve the final draft of the Annual Report Publication (State of Georgia Pre-Licensure Nursing Education, AY2023-2024) and publish on the GNWC website.

In the first year, the workload will be distributed amongst the 14 nursing faculty and part-time clinical faculty. The 14th faculty member will be hired and is currently being recruited. Once program growth is established, an additional faculty position will be added in Fall 2028. With the team-teaching model, collectively, these individuals will represent a diverse range of nursing specialties to support both classroom and clinical instruction.</p> <p>In addition, a Program Coordinator will be hired in the Fall of 2026 to support the administrative and operational needs of the BSN program. This individual will report directly to the Director of Nursing and assist with student services, scheduling, and logistical coordination.</p> <p>The complete Faculty Summary Sheet is included in the supporting evidence. Currently, there are 13 full-time faculty listed with the intent to hire an additional full-time faculty member. There are 26 current part-time faculty members for clinical instruction.</p> <p>Program purpose or mission statement: The program purpose and mission statements are included in the reference document on page 24. The purpose is to prepare graduates for professional nursing practice as competent baccalaureate nurse generalists who provide safe, ethical, and evidence-based care to diverse populations across healthcare settings. The program will foster leadership, critical thinking, and lifelong learning to advance health outcomes and support the evolving demands of the nursing profession.</p> <p>The mission statement and alignment with the college’s mission is included beginning on page 25 of the reference document.</p>

			<p>Program philosophy/assumptions: The philosophy of the program aligns with the program’s mission and vision and is Consistent with the existing nursing program. The BSN program recognizes that education is essential to the intellectual, physical, economic, social, emotional, cultural, and environmental well-being of individuals and society. Education must remain geographically and physically accessible and affordable. In alignment with this philosophy, the BSN program will foster a teaching/learning environment that provides educational opportunities, programs, and services of excellence in response to the needs of the communities we serve.</p> <p>Goals/outcomes of the curriculum: The outcomes of the BSN curriculum are directly inspired by the ASN and RN-BSN EPSLOs, with a focus on expanding knowledge and practice at the baccalaureate level. Together, the ASN and BSN programs create complementary, workforce-driven pathways that prepare graduates to advance health outcomes, strengthen professional practice, and contribute to the region’s healthcare needs.</p> <ol style="list-style-type: none"> 1. Integrate nursing science and leadership principles to provide safe, ethical, and client centered care, respecting diverse individuals, families, and communities. 2. Synthesize reliable evidence from multiple sources to guide practice change projects and implement quality measures that improve outcomes for clients and communities. 3. Implement the role of the professional nurse through effective communication, teamwork, leadership, and collaboration within interprofessional teams to lead evidence based nursing practice. 4. Employ information and technology skills essential for providing safe, quality client care and integrate continuous improvement in clinical practice based on client values, clinical expertise, and current evidence.

				<p>5. Develop and implement health promotion and disease prevention strategies to improve health outcomes for individuals, groups, and communities, considering the impact of social determinants of health.</p> <p>Written plan for organization and development of curriculum: The Entry-Level BSN curriculum is designed to prepare graduates to meet the evolving healthcare needs of patient populations while continuing the proven success of the Georgia Highlands ASN program. The established ASN and RN-BSN curricula served as a strong foundation and template for the development of the BSN curriculum, ensuring continuity, rigor, and evidence-based practice. The BSN program operates in congruence with the ASN program, offering a complementary pathway into nursing practice. This parallel design strengthens workforce readiness while also providing an additional option for students who may not be successful in the ASN program. Both programs share a similar curricular framework, allowing students to benefit from consistency in preparation while pursuing either pathway. The integration of existing eCore courses further enhances alignment between the ASN and BSN pathways, creating efficiencies in course delivery and preserving academic quality. This strategy supports student success by maintaining curricular similarity across programs while leveraging flexible, affordable, and accessible learning options.</p> <p>The program will follow a competency-based curriculum guided by the AACN Essentials (2021) and NCLEX-RN blueprint. Curriculum design will incorporate Patricia Benner’s Novice to Expert framework, progressing students from foundational knowledge in early semesters toward advanced, complex clinical reasoning and leadership in the final semesters.</p> <p>Curriculum plan: The curriculum consists of 120 credit hours including 54 nursing course credits. The curriculum plan is included on page 33 of the reference document.</p>
