OPEN SESSION

Porter called the meeting to order at 9:00 am on Thursday, November 13, 2025. Porter declared the meeting to be “open” pursuant to the Open and Public Meeting Act, O.C.G.A. §§ 50-14-1 et seq.

CORRESPONDENCE

01 – CNM Practice Concerns

Correspondence was received from Victoria Gordon, Program Director of Midwife ME, Ltd., and the outgoing APRN Director and incoming Legislative & Public Policy Director for the Georgia Nurses Association. She expressed concerns regarding recent Board interpretations of rules and regulations that may limit Certified Nurse Midwife (CNM) practice and requested an appearance before the Board along with other CNM leaders and lobbyists. The Board agreed to forward Ms. Gordon’s concerns to Board counsel in the Attorney General’s Office for review of the rules and regulations related to CNM’s scope of practice.

02 – Reentry Requirements

Correspondence was received from a licensee whose RN license had lapsed and who has not practiced within the last four years, requiring completion of a reentry program. The licensee stated that the Board’s reinstatement requirements were “ridiculous” to require reentry since she forgot to renew her license after staying home to raise children. The Board determined that, as it is responsible for establishing rules and standards to ensure public safety and to verify that nurses maintain the competence necessary for safe practice, it must uphold the rule requiring practice hours for reinstatement.

GOVERNANCE

01 – Out-of-State Nursing Programs Conducting Clinical Education in Georgia

Stevan VanHook, Nursing Education Consultant, developed guidelines for out-of-state nursing programs seeking to conduct clinical education in Georgia, which were reviewed by the Board. The Board made several amendments and directed staff to update the guidelines accordingly for further review at the December meeting.

STRATEGIC PLAN

01 – Reentry Preceptorship Extensions

Several reentry programs and facilitators who sponsor preceptorships for non-traditional graduates are experiencing difficulty securing clinical placements for applicants. As a result, Board staff have been required to communicate frequently with program facilitators and preceptors regarding ongoing requests for extensions, which has demanded considerable staff time. Board staff requested clarification on how long extensions may be granted for applicants to obtain clinical placement. The Board determined that applicants will be allowed six months from the time all other licensure requirements are met to secure clinical placement and submit Form A of the reentry

application. After six months, Board staff will withdraw the application.

02 – Approval of MPE Provider

The Board received a request from Tina Hall, Business Operations Specialist for the Augusta University Forensic Institute, for Dr. Monica Radford Barbosa to be approved as a provider for MPE evaluations. Dr. Barbosa is board-certified in psychiatry, internal medicine, and addiction medicine, and recently joined the faculty in September alongside Dr. Bedder and Dr. Shell, who are both Board-approved MPE providers. The Board approved adding Dr. Barbosa to its list of MPE providers.

Zinker made a motion to approve, Tanner seconded, and the motion carried unanimously.

EDUCATION REPORT – November 2025 Education Report - Stevan Van Hook, RN, MSN

Watkins moved to accept the Education Report as presented. Tanner seconded the motion, and it carried unanimously.

Education Committee Update	TCSG PN and RN correspondences are currently being reviewed by the Education Committee.	The Education Committee meetings to review the PN and RN correspondences commenced on October 7, 2025. The committee has since met two additional times on October 21, 2025, and November 3, 2025. All rule amendments and action items submitted by TCSG have been reviewed. Feedback has been documented through meeting minutes and Microsoft forms. The meeting minutes for October 7, 2025, and October 21, 2025, are included in the EDUCATION 01 reference document. The committee will continue rule amendment discussions for each rule the committee deemed necessary. Once finalized, the rules will be submitted for Board review.

				<p>Summer 2026. The program will run annually during Summer, Fall, and Spring.</p> <p>Projected enrollment: The projected enrollment goal for the first cohort is 20 students.</p> <p>Curriculum: This program option will follow a similar curriculum plan to the traditional program with a few exceptions. Both program options will consist of 120 total credit hours. For the final two semesters of the program, the students will take the same courses. Lab/simulation/clinical requirements for these semesters will be the same as the traditional program option.</p> <p>The proposed LPN-BSN program option will consist of three semesters. The summer (first) semester would be a 12-week session of three courses. Total credit hours for the summer session would be 13 credits, and include two new online courses, NUR 300 and NUR 306, and NUR 324 (also online) which is a current course. NUR 300 culminates in a mandatory one-week lab intensive on-campus. After successfully completing NUR 300, students will receive 16 credit hours for several first-year nursing courses based on their LPN education and will then merge with the traditional BSN cohort to complete the remainder of their degree.</p> <p>For the LPN-BSN program option, students will receive credit for four (4) general core classes and for three (3) nursing courses. After completing the remainder of the core classes, this program option will require three (3) semesters of nursing courses. Credits are awarded as follows:</p> <p>Upon acceptance into the LPN-BSN program option, students will be awarded credit for the following BPCU Professional Core and/or Nursing Core requirements for their LPN education: Area C (3), Area E (3), General Elective (3), BIO 230 (3). Additionally, one current faculty member and one new faculty member will be specifically utilized in the LPN to BSN program option. A search is currently underway for the new faculty member with the goal of hiring the new faculty member prior to the program option implementation.</p> <p>Physical resources: The college provides a safe and accessible physical facility and sufficient resources for students and faculty. A brand-new \$2.4 million, 7,921 square foot dedicated nursing building is currently under construction with anticipated completion in April 2026. This building will house two classrooms with space for 30 students each, a computer lab with 36 computers, an auditorium which can be divided into two additional classrooms, and a four-room state-of-the-art simulation center, as well as faculty offices and a large student lounge area. Diagrams of the building on included in Appendix E of the reference document.</p> <p>Fiscal resources: The program budget is sufficient to ensure the funding of the new program option. 				Recommendation: Approve according to Rule 410-9-.07.
Middle Georgia State University	Associate and Baccalaureate	EDUCATION 11	Enrollment Increase	<p>Middle Georgia State University (MGA) has submitted request to increase program enrollment for both the ADN and BSN programs in response to ensuring qualified applicants are not turned away. Between Fall 2024 and Fall 2025, the BSN program experiences an enrollment increase of more than 25%. The same enrollment increase is anticipated for the ADN program.</p> <p>Needs Assessment/Rationale for Enrollment Increase: MGA’s nursing program experienced a significant decline in enrollment during the COVID-19 pandemic. MGA’s nursing program’s current goal is to restore student enrollment to pre-pandemic levels by accepting all eligible applicants. Many nursing programs across the state are unable to meet enrollment demands due to significant capacity limitations. Within MGA’s service area, three USG nursing programs are turning away qualified applicants due to capacity limitations (e.g. number of faculty, classroom/lab space, available clinical sites). The specific capacity limitation(s) is unknown for these three USG nursing programs. Fall 2025, the USG Associate Vice Chancellor of Healthcare Education requested that the three USG nursing programs inform their denied qualified applicants that MGA BSN nursing program was accepting eligible applicants for Fall 2025 admission.</p> <p>Enrollment Trends: The BSN enrollment on Macon Campus increased by more than 25% for Fall 2025. Fall 2024, the Macon campus enrollment was 79 students while the Fall 2025 Macon campus enrollment is 101 students. With the directive to continue to accept all eligible applicants,</p>

				<p>it is expected that the other three MGA campuses (Warner Robins, Cochran, and Dublin) where the ASN and BSN programs are located will also have an increase in enrollment in future semesters. As noted on page 4 of the reference document, both programs have a noted increase in enrollment. The ADN program has reported an increase from 187 to 239. The BSN program has reported an increase since Spring 2023 after a decline in enrollment from 2020 to 2022.</p> <p>Graduation and Retention Rates: Retention rates for the past 5 years are included on page 4 of the reference document. Retention rates range from 50%-72% for the ADN program and 51%-89% for the BSN program.</p> <p>Faculty to Student Ratios: MGA has sufficient full-time and part-time faculty lines to support an increase in nursing program enrollment in both the ASN and BSN nursing programs. The ASN program currently employs 12 full-time nursing faculty and 16 part-time clinical instructors, supporting a total of 239 ASN students. Additionally, there is one vacant Assistant Professor position that is expected to be filled prior to January 2026. Current ratios are reported as 1:19.</p> <p>The BSN program currently employs 16 full-time nursing faculty and 15 part-time clinical instructors, supporting a total of 235 BSN students. Current ratios are reported as 1:15. Additionally, there are two vacant Assistant Professor positions that are expected to be filled prior to January 2026.</p> <p>Proposed Timeline/Enrollment Projections: Enrollment growth projections are included on page 8 of the reference document.</p>

This schedule ensures that both program entry and graduation occur twice annually (December and May), providing consistent opportunities for students to begin and complete their nursing education.</p> <p>Fiscal Resources: MGA’s nursing program is in a strong financial position to support increased enrollment. Prior to the COVID-19 pandemic, the university proactively planned for program expansion by allocating funding and investing in infrastructure to accommodate larger cohorts. These strategic investments included:</p> <ul style="list-style-type: none"> • Budgeted for additional full-time and adjunct faculty to maintain Board required faculty: student ratios and ensure instructional quality was in place pre covid and remains in place. • Expanded and upgraded simulation labs, skills labs, and clinical technology to support hands-on learning for a growing student population. • Enhanced student support services, including advising, tutoring, and academic coaching, to promote retention and progression. 			<p>that supports its institutional mission and the breadth of its academic programs and services. As one of nine state colleges within the 26-member University System of Georgia (USG), DSC is primarily funded through state appropriations—allocated by the Board of Regents (BOR)—and student tuition and fees. Additional funding is derived from sponsored grants and the College’s auxiliary services. DSC’s financial planning is guided by the USG budgeting process.</p> <p>The department account and funding is itemized on page 21 of the reference document.</p> <p>Dalton State has made a sustained and strategic investment in nursing education, with over \$20.3 million allocated from FY 2021 to FY 2026 across the School of Health Professions. Of this, the Department of Nursing accounts for \$8.46 million, underscoring its central role in the College’s academic mission. In FY 2026, the College received \$515,000 in targeted funding from the USG to support nursing program expansion, in addition to a \$260,000 one-time allocation for an AI simulation manikin— demonstrating a proactive response to regional healthcare workforce demands. Dalton State has also secured over \$524,000 in external grant funding, including Congressionally 15 Directed Spending (CDS) for nursing and simulation equipment. These grants not only supplement institutional resources but also affirm the value and credibility of the College’s nursing programs.</p> <p>The nursing budget for 2021-2026 is included on page 22 of the reference document.</p> <p>Clinical Support: Dalton State College has access to a diverse network of regional healthcare partners that will provide students with comprehensive clinical training across the care continuum.
