CORRESPONDENCE

01 – 2026 APRN Certifier Survey

The Board reviewed the 2025 NCSBN APRN role certification program survey. The survey provides data regarding APRN accreditation and number of certifications administered by examination type, the number of first-time writers by exam, and the pass rates. Highlights from the survey are as follows:

- FNPs are the largest group of exam test takers at a little under 23,000 candidates.
- NPCB launched its psych/mental health exam in January 2024 and 700 candidates tested. The ANCC psych/mental health exam candidates increased, rising 22% from 2023 to 11.5% from 2024.
- NCC Women's Health NP in 2025 decreased in number of NPs and CNSs taking the neonatal exams while there remains an ongoing shortage of neonatal APRNs.

02 – Reentry Program Survey

The Technical College System of Georgia (TCSG) asked the Board whether nurses enrolled in a reentry program may participate in a precepted clinical experience as a group, or whether the clinical experience must maintain a 1:1 preceptor-to-learner ratio.

TCSG also asked whether clinical orientation hours completed to prepare nurses to perform at a clinical site may be counted toward the required 160 clinical hours for reentry programs.

After discussion, the Board decided to refer these questions to the Education Committee for review and recommendations.

03 – FDA-GLP1 Multi-Dose Vials

The Board received a letter from the FDA regarding labeling requirements for compounded GLP-1 medications and the proper handling of multi-dose vials. The FDA recommends that multi-dose vials include clear instructions specifying when the vial should be discarded. They also recommend a 28-day beyond-use date for opened or multi-dose containers.

PRESENTATION

01 – Human Trafficking Task Force

Dr. Megan McDowell and Dr. Marni Dodd, representing the Coordinating Council Statewide Task Force on Human Trafficking, presented to the Board on the importance of advancing human trafficking education for Georgia nurses.

Dr. McDowell and Dr. Dodd stated that nurses are well positioned to recognize the warning signs of human trafficking and respond using trauma-informed care. However, they noted that the majority of nurses currently do not receive training in this area.

They requested that the Board require all RNs and LPNs licensed in Georgia to complete one (1) hour of continuing education on human trafficking during each renewal period. The proposed course would be developed in collaboration with the Georgia Nurses Association.

The Board requested that Dr. McDowell provide additional resources and information for the Board to review and consider at an upcoming meeting.

EDUCATION REPORT – September 2026 Education Report - Stevan Van Hook, RN, MSN

Batson moved to accept the Education Report as presented. Watkins seconded the motion, and it carried unanimously. (*Willcox abstains from TSG matters. Watkins abstains from USG matters*.)
