STRATEGIC PLAN

01 – Proposal for Continuing Education Requirement - Human Trafficking

At the September 2026 Board meeting, Dr. Megan McDowell and Dr. Marni Dodd, representing the Coordinating Council Statewide Task Force on Human Trafficking, presented information regarding the importance of educating Georgia nurses on human trafficking. They noted that individuals experiencing human trafficking frequently access healthcare services but may go unidentified by healthcare providers. The presenters requested that the Board require all Georgia-licensed registered nurses (RNs) and licensed practical nurses (LPNs) to complete one (1) hour of continuing education on human trafficking at initial licensure and during each renewal period. The proposed course would be developed by the Council and the Georgia Nurses Association.

Following discussion, the Board voted to deny the request. Gresham made a motion, Zinker seconded, and the motion carried unanimously. Board members expressed appreciation for the presentation and the Council's efforts to address human trafficking and acknowledged that the proposed education could be beneficial for nurses practicing in certain settings. However, members expressed concern that mandating continuing education on a specific topic could lead to similar requests from other organizations seeking mandatory education on their respective topics. Members also noted that the relevance of human trafficking education may vary depending on a nurse's practice setting. Additionally, the Board expressed concerns regarding staff resources needed to review mandated courses and audit continuing education records to ensure compliance with such requirements.

Once developed, the Board would like to post information about this course on its website to increase public awareness and promote access to this educational resource.

02 – Potential Peer Reviewer

The Board reviewed the peer reviewer application and curriculum vitae of Shantee Henry for consideration for inclusion on the Board's approved Peer Reviewer List. Ms. Henry holds a doctorate in nursing and has extensive experience in medical surgical nursing and intensive care. Following review, the Board approved Ms. Henry for inclusion on the approved Peer Reviewer List. Zinker made a motion, Garber seconded, and the motion carried unanimously.

03 – Potential MPE Providers

The Board reviewed the curriculum vitae of three physicians, Drs. Mageira, Ceglowski, and Holbert, all of whom are board-certified in addiction medicine, for consideration for inclusion on the Board's approved Mental and Physical Examination (MPE) Provider List. Following review, the Board voted to approve all three physicians as MPE providers. Zinker made a motion, Bohannon seconded, and the motion carried unanimously.

04 – CBC Consent Form

The Board reviewed the Criminal Background Check (CBC) Consent Form developed by the Georgia Bureau of Investigation (GBI), which is currently required as part of the nursing application process. The form does not authorize the Board to conduct a CBC at the time of application but provides authorization for a future background check, if necessary.

The Board discussed that the Secretary of State's Investigations Division would be utilized to conduct a CBC on a licensee if warranted by a future investigation. Representatives from the Investigations Division indicated that they did not recall the Board of Nursing previously requesting a CBC on a licensee using this form. The Board may request a CBC on a licensee when sufficient evidence or information supports the need for a background check.

Staff reported that licensing analysts frequently issue deficiency notices because applicants fail to complete all required fields, select an authorization option, or sign and date the form. Removing the form as an application requirement would eliminate an unnecessary administrative step, reduce deficiencies, and allow staff to process applications more efficiently. If a CBC is warranted after licensure, the Board may request one when sufficient evidence or information supports the need.

Following discussion, the Board voted to eliminate the CBC Consent Form as a requirement for nursing applicants, effective immediately. Porter made a motion, Gresham seconded, and the motion carried unanimously.

GOVERNANCE

01 – Proposed Changes to Rule 410-5-.01 and 410-5-.02

The Board reviewed proposed amendments to Rules 410-5-.01 and 410-5-.02 to comply with the amendment to O.C.G.A. § 43-1-4, enacted through HB 579 and effective July 1, 2026, which requires licensing boards to provide a 45-day late renewal period following license expiration. The Board currently provides a 30-day late renewal period. The proposed rule amendments were reviewed and approved by the Board and will be submitted to the Attorney General's Office for review and authorization to proceed with the rulemaking process. Watkins made a motion, Porter seconded, and the motion carried unanimously.

There being no further business, the meeting adjourned October 15, 2026, at 5:07 pm.
