Instructions for Applicants to Obtain Fingerprints for a Background Check

The Georgia State Board of Podiatry Examiners requires a fingerprint background check on all applicants. The Georgia Bureau of Investigation (GBI) awarded Fieldprint the contract to provide a service for electronic submission of fingerprints for Georgia applicants. The service, Georgia Applicant Processing Service (**GAPS**), decreases the need for submitting hard copy fingerprint cards to obtain an applicant's nationwide criminal history background check. GAPS Print Sites are strategically located throughout the State of Georgia.

The Federal/State criminal history results will be available to the Georgia State Board of Podiatry Examiners within 48 hours after the applicant has been fingerprinted and the prints are received by GBI, Georgia Crime Information Center (GCIC).

The GAPS fingerprint background check process is simple and easy to use. Follow the instructions below. If assistance is required, you may contact the Fieldprint Customer Service at 1-800-799-1067 or by email at customerservice@fieldprint.com.

Before you attempt to register to be fingerprinted, you must submit an application for licensure to the Georgia State Board of Podiatry Examiners.
