The Secretary of State is proud to have you doing business in the state of Georgia. In our continuing work of making the process of filing with us more secure, simple for you and to help you save money, we are offering many online services that will save you the \$10 paper filing service charge.

There are many filings you can do online and the form pre fills and will generate the documents for you. For example, you can create your business and once your information is submitted and approved, we will send you your certificate and generated document.

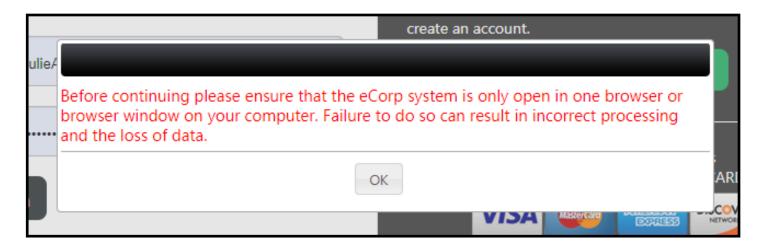

Navigate to our secure site eCorp.sos.ga.gov.

From the home page, select the button titled **Online Services**.

You will first see the pop up message explaining to you that to ensure proper processing, you should only have one browser open.

Click the **OK** button.

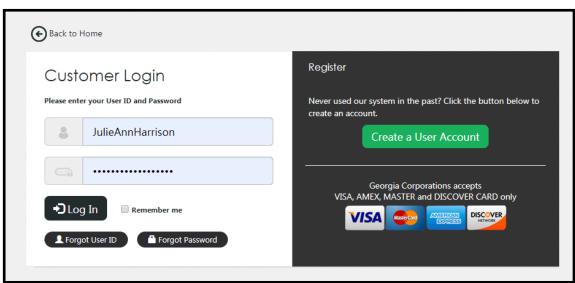

The **Customer Login** page will display.

If you currently have a Customer Log In you will enter your **User ID** and **Password** in the required fields.

Don't worry if you have forgotten your User ID or Password. You can click on the **Forgot** buttons for assistance.

After you have entered your User ID and Password click the Log In button.

If you do not have an account and want to set one up click the green **Create a User Account** button in the **Register** box.

Creating an Account

After clicking on the green Create a User Account button, the **Provide Your Information** page will display. Enter the information in the required fields:

First Name

Last Name

Middle Name and Suffix (not required)

Street Address

City

State

Country

Zip Code

Email Address and **Confirm Email Address** (must match)

Click the Continue button.

From the next screen you will create your User ID, Password and security question.

Choose Your User ID

Enter your **Desired ID**. Your User ID can only have letters and/or numbers and must be between 8-32 characters. If your Desired ID is available, your User ID will display in green and alert you that your choice is available. If your Desired User ID is not available, a message will display to alert you that your choice is not available and ask you to choose a different User ID.

Choose Your Password

Enter what you want your **password** to be. You will re-enter the same password in the second field for confirmation.

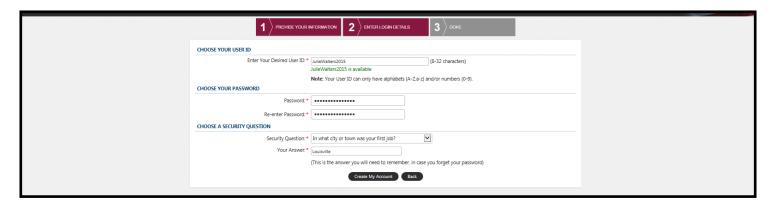

Choose A Security Question

Select a **Security Question** from the choices in the drop down. Enter your answer to this Security Question in the **Your Answer** field.

The **Security Question** is used when you forget your Password or User ID and are requesting it, so make sure you select a question you will remember the answer to.

If you think you will not remember any of these or do not really like them, you can select the Others option in the dropdown and create your own Question.

Click the **Create My Account** button.

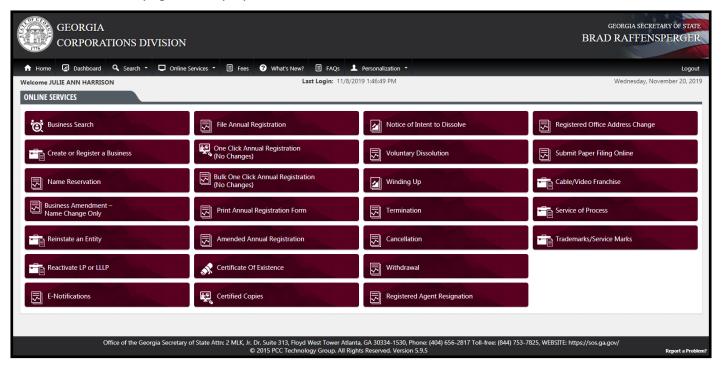

You will receive the **Congratulations** screen that displays your User ID and Email Address.

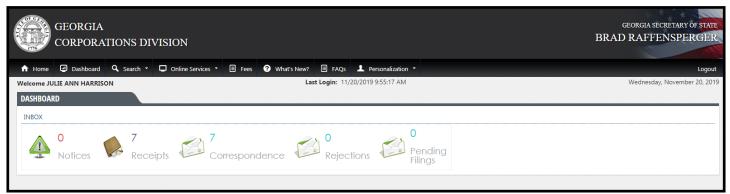

You will also receive a email letting you know you have successfully registered and created an account.

To Log In and take advantage of online services offered, click the **Log in** button.

The **Online Services** page will display.

Across the top of the page you will see a **Dashboard** tab. When you click on the Dashboard tab, your Dashboard will display.

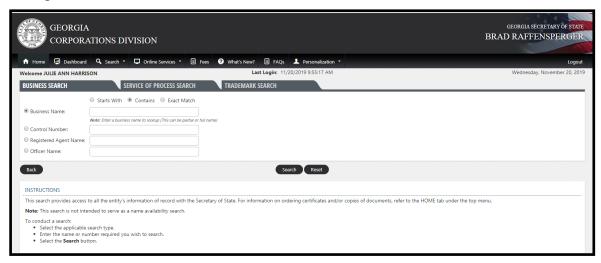

From your Dashboard at a glance you can review:

- Notices
- Receipts
- Correspondence
- Rejections
- Pending Filings

The Online Services page navigates users to perform tasks depending on which button they select.

From the **Business Search** tab you can Search for a business by Business Name, Control Number, Registered Agent Name or Officer Name.

From the **Service of Process Search** tab you can search by Defendant Name, Plaintiff Name, Civil Action Number or Control Number.

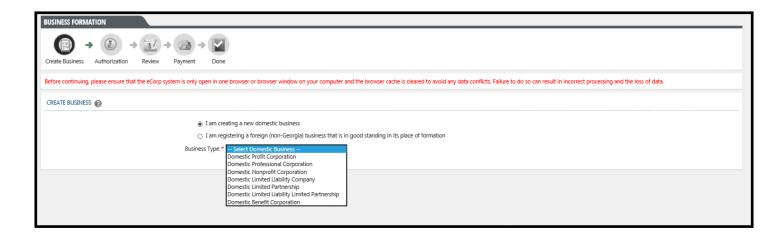

From the **Trademark Search** tab you can search by Registration Number, Mark Name, Registrant Name, Class of Goods, Class of Services, Identification of Goods, Identification of Services or Mark Description.

From the **Business Formation** screen, in the **Create Business** section, select the type of business you are creating...a new domestic business or a foreign (non-Georgia) business.

Once a radio button is selected, the **Business type** drop down displays. Click the arrow button and scroll down to select one from the dropdown.

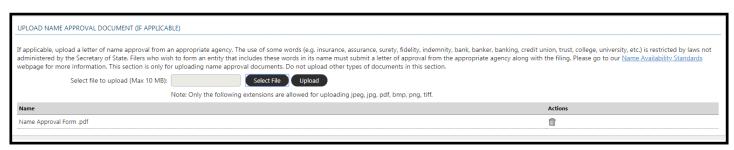

After the business type is selected, follow the system prompts to enter the required information for that business type. The following example is for the business type of domestic profit corporation.

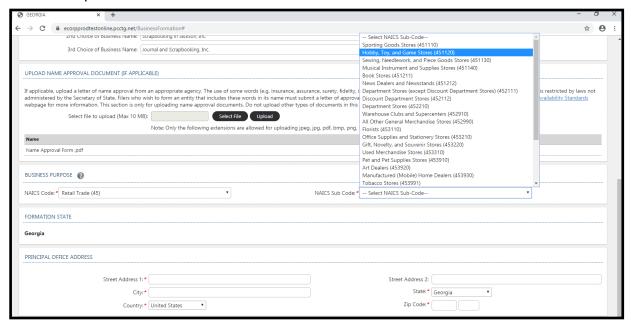

Scroll down the page to the **Business Name** section. Enter the information into the open fields about your Business Name. If you do not already have a Business Name Reservation Number, you may enter optional choices for your Business Name.

In the **Upload Name Approval Document** (if applicable) section. if it is applicable, upload a letter of name approval form from an appropriate agency. Once you have successfully uploaded the file, it will display under the Name section. You can delete the file by selecting the trash can icon.

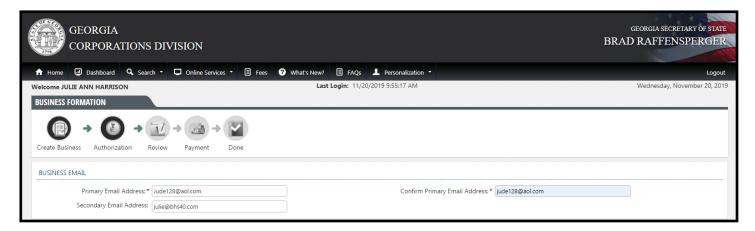

From the **Business Purpose** section you will select the NAICS Code and NAICS Sub Code from the dropdowns. The North American Industry Classification System (NAICS) is the standard used by federal agencies in classifying businesses for the purpose of collecting, analyzing and publishing statistical data related to the US Business economy. If you do not know which classification to choose, then select **Any Legal Purpose or Unknown** from the dropdown. If you do know the classification make that selection and the Sub Code section from the dropdown.

In the **Principal Office Address** section, enter your Street Address, City, State, County and Zip Code and click the Continue button.

In the **Business Email** section, enter in your Primary Email address. You will need to enter it twice—go ahead and put it in that confirm box too. If you have a secondary email address you can enter that as well.

Enter the **Number of Shares** into the Shares field.

The law states that every business have a registered agent. That registered agent can be you. Click on the **Create Registered Agent** button and complete the information on the pop up window and select the Create Registered Agent button. The registered agent address must be a street address in Georgia where the registered agent can be personally served.

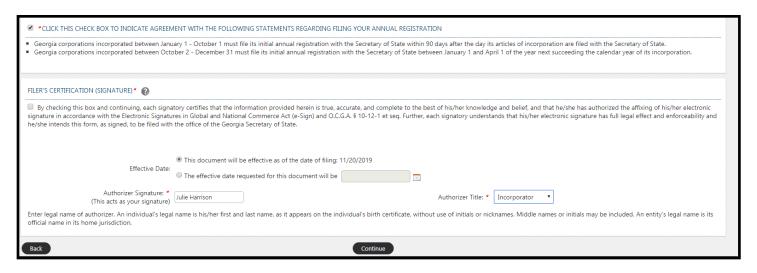

The **Incorporator Information** section tells us who you are. Select either the Individual or Business from the **Principal Type** dropdown and enter the required information in the fields. If you see a red asterisk, it is required. After you have all of the information entered, select the **Add** button. If there are multiple incorporators, you will need to add all by repeating those steps.

If you have **Optional Provisions** you need to tell us about, this open field allows you 8000 characters to tell us.

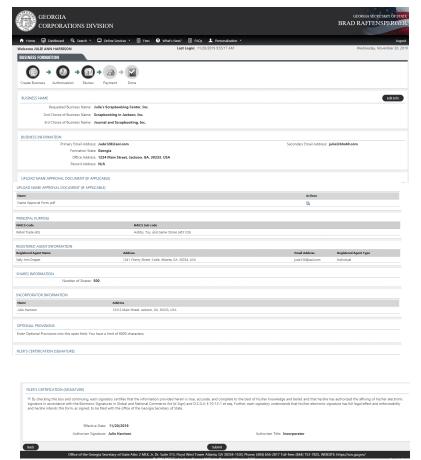

Next, you need to certify the information you have provided. After reading this section, check the box to **Certify,** select and **Effective Date** and enter your name in the **Authorizer Signature** field and select your title from the dropdown. Select the **Continue** Button.

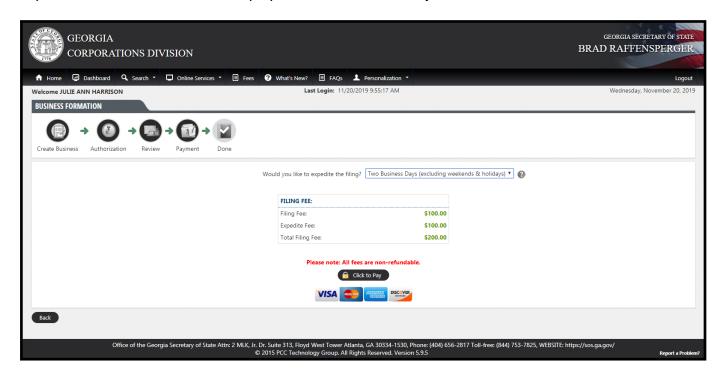

Next you will **review** the information you entered. If you need to make an edit, simply select the **Edit Info** button or **Back** button and make the changes. Once you have all of your information correct, clink the **Submit**

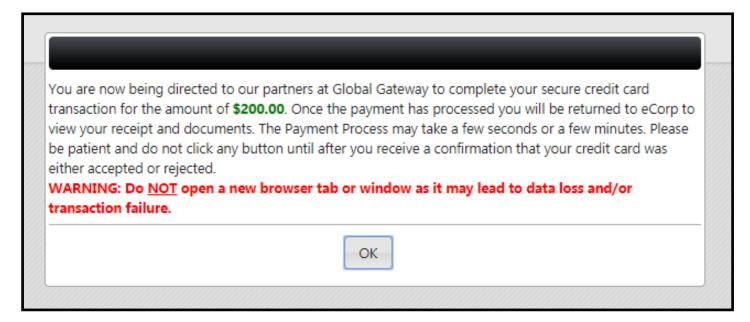

button.

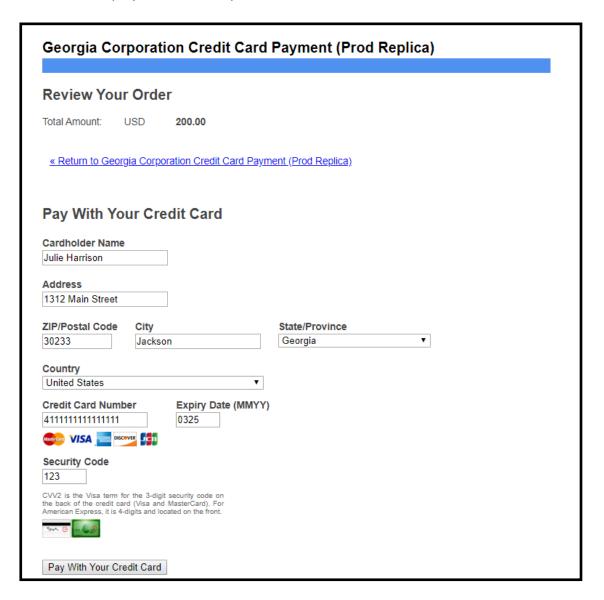

From the **payment page** you can choose to process the filing regular, same day or two business days from the dropdown. Your fee amount will display. Select the **Click to Pay** button.

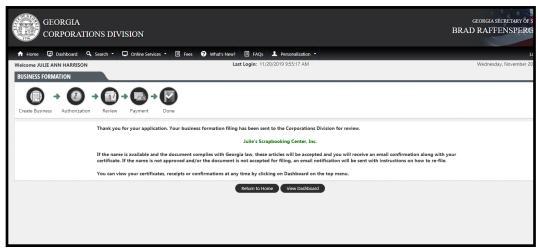

Once you click OK, you will be navigated to our secure payment gateway, click **OK** to confirm.

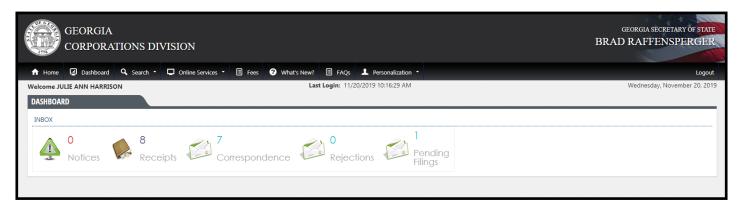

From the Payment screen, enter your name and credit card information and click the **Pay with Your Credit Card** button. Be patient. Resist that urge to click and click...once your payment has been processed, the successful screen will display with next step instructions.

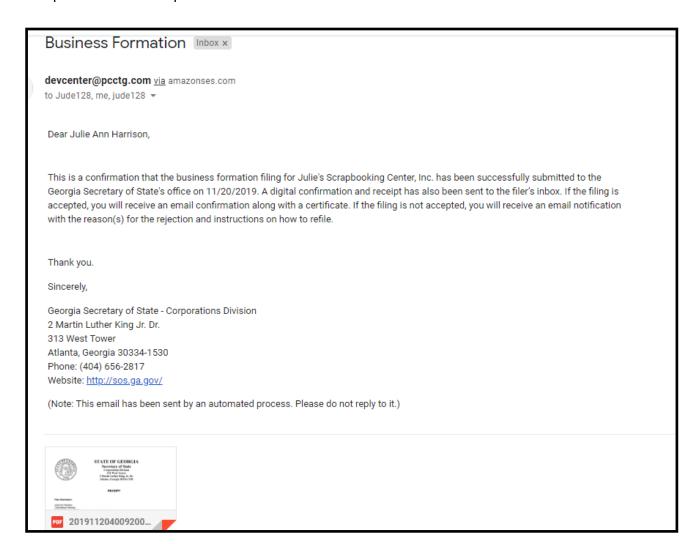

From the **Thank You** page, you can Return to Home or navigate to your Dashboard.

You can navigate to your **Dashboard** and select **Pending Filings** to view the status of your filing. Your receipt and any **Correspondence** from us will be in your Dashboard as well.

An example of email correspondence.
