Master Class 2 Non-Restricted #MP _____

Licensee Signature: _____ Date: _____

Licensed plumbers who hold a state certification for medical gas piping must submit a current copy of their picture ID certification card to renew their certification. Please complete this form and submit it along with a copy of the picture ID card issued by your certifying agency directly to the fax number or address above. Failure to provide legible documents will delay your certification renewal.

Failure to provide this information and/or failure to meet the requirements for certification will result in your medical gas certification becoming not current. Without a current certification, you will not be authorized to install, maintain, alter, or repair medical gas piping systems. See Board Rule 121-2-11(3).

If you do not have a copy of your medical gas card, please contact the Board approved program that issued your certification.
